

CIRCLEVILLE MAN DIES AFTER FALL

Charles E. Hall, 66, Never Regains
Consciousness, Falling From Roof
in Fighting Fire

DIED AT 8:25 LAST NIGHT

Risked His Life in Saving His Own
Home While The Home of Michael
McDonald Burned

Charles E. Hall age 66 years, who fell from the roof of his home in Circleville Monday afternoon, while attempting to prevent his house from catching fire from the burning home of Michael McDonald, never regained consciousness, and died at 8:25 last night.

Besides having a broken collar bone, he suffered a fracture at the base of his skull, and which caused the fatal shock. When he fell from the roof, he fell on his head and shoulders, and was removed into his home, where physicians attempted to save his life.

The deceased was a carpenter by trade, and was a native of Illinois, but had lived here practically all of his life. He had lived in Circleville for about twenty years.

He is survived by his widow and a son Walter Hall of Shelbyville. The son married Miss Ruth McDonald, daughter of Mr. and Mrs. McDonald, whose home was burned, and which caused the affair to be a double misfortune in the family.

Besides these relatives, he also is survived by four sisters, and one brother, who are Mrs. Mattie Leak of Indianapolis, Mrs. Florence Flohr of Shelbyville, Mrs. Frank Windler and Miss Mary Hall of Morristown, and Frank Hall of this city.

Funeral services will be held Wednesday afternoon at 2:30 o'clock at the late home in Circleville, in charge of the Rev. W. H. Hargett, and burial will be made in East Hill cemetery.

The loss from fire at the home of Michael McDonald was total for the large two story dwelling, and was estimated at \$3,500, of which \$2,500 was covered with insurance. Most of the household goods were removed from the burning home, excepting furniture in some of the upstairs rooms.

Mr. McDonald carried \$500 insurance on his household goods, which will cover that portion of the loss. The origin of the fire is not known, unless it was caused from the flue or defective wiring. It broke out through the roof, and made rapid headway, being fanned by a stiff breeze from the south.

The homes of Mr. Hall and Robert Ellman, were located directly across the street from the home that burned, and the wind sent the flying embers onto the roofs of these two homes.

The fire had gained a big start before.

AWARDED \$5,390 AS CLAIM AGAINST ESTATE

Mary Marshall Wins Judgment Against
Estate of Sanford Marshall
—Ruling in Paternity Case

NOTE SUIT IS DISMISSED

In the paternity case of the State, ex rel Bertha Whitman against Elmer Grist, which was heard by a jury in the circuit court last week, and in which the plaintiff was given judgment, Judge Sparks has assessed the amount at \$500, which is to be paid in installments as set out in the decree. The parties are residents of Jackson township, Fayette county, and the case was venued here from that county.

In court today the evidence was heard in the case of Mary Marshall against the estate of Sanford Marshall, a suit on a claim, and the plaintiff was awarded her demand for \$5,390 and costs.

Another claim was heard today in which Oneal Brothers were given judgment amounting to \$437.81 and costs against the estate of P. A. Miller, of which Lena Miller is the administrator.

The suit on a note, filed by John B. Morris against John T. Cassidy, et al., has been dismissed in court by the plaintiff.

GRAND JURY TO CONVENE

Will Take up Investigations Follow-
Indiana State's Weeks Recess

The grand jury has been called into session Wednesday it was announced today, and it is understood that several matters will be taken up, following a recess of a couple of weeks.

The grand jury was in session a few weeks ago investigating the facts in the murder of Luther C. Sharp, and which resulted in the indictment against Cecil Cloud, charged with first degree murder.

Several witnesses were being summoned today before the grand jury, and the session may require several days before a report is made.

INTIMIDATION IN PROBE IS ALLEGED

Powerful Influences Reported to be
at Work Endeavoring to "Hush up"
Witnesses

IN DAUGHERTY INVESTIGATION

Plot to Discredit Senator Thomas J.
Walsh, Who Opened up Oil Scandal, is Revealed

(By United Press)

Miami, Fla., March 4—Attorney General Daugherty today branded without any foundation of fact a rumor circulated yesterday that he was sending a statement to President Coolidge that might be regarded as important. He said he was making no statements and sending none to anyone.

By WILLIAM J. LOSH
(U. P. Staff Correspondent)

Washington, March 4—Powerful influences are already at work seeking to intimidate and "hush up" prospective witnesses in the senate investigation of Attorney General Daugherty's administration of the department of justice, it was disclosed here today.

At the same time, a plot to discredit Senator Thomas J. Walsh, who opened up the oil scandal, was revealed.

Scores of investigators have been digging up every detail of Walsh's past life and have been prying into the affairs of members of his family. Walsh's friends see in this a plan to discredit him so as to force him to drop the oil investigation or to destroy the weight of his disclosures.

Senator Burton K. Wheeler of Montana, in whose hands the direction of the Daugherty inquiry has been placed by the investigating committee, today made known the efforts to hush up witnesses in that investigation when he announced that from now every move of the committee would be veiled in deepest secrecy.

"We know already that efforts have been made to hush up certain witnesses," Wheeler said. "I am fearful that efforts will be made to keep them from testifying. Because of this, the committee cannot reveal any of the 'leads' on which it is working, nor make public the names of witnesses it has subpoenaed."

Wheeler made known that certain witnesses called by the senate oil committee, today made known the efforts of justice matters had likewise had pressure put on them to keep them from testifying.

Wheeler today was hard at work with a legal assistant shifting the mass of material in the committee's possession. The committee appointed

WEAKLEY BAKERY IS SOLD

W. E. Hilbert of Fort Wayne Takes
Possession of Local Business

W. E. Hilbert of Fort Wayne has purchased the W. W. Weakley bakery, it was announced today, and took charge of the business today. The transaction included the building in which the bakery is located, near the C. & W. depot, and the ground on which it is located.

It is said that the consideration was \$10,000. Mr. Weakley has been in the bakery business here for the past thirteen years and has built up a large trade.

HER DARLING

BURNS FURNISHED CODE TO McLEAN

Head of Bureau of Investigation in
Department of Justice Says He
Was Agent of Department

● OIL INQUIRY TESTIMONY

Burns Admits Code Used in Communicating With McLean is Not
Obsolete, but is Now in Use

(By United Press)

Washington, March 4—Mrs. Jessie Duckstein, wife of E. B. McLean's private secretary, today told the Walsh investigating committee that William J. Burns, furnished her with the justice department code, which was used in transmitting telegrams to McLean in Palm Beach.

Mrs. Duckstein said she is a special agent of the department of justice.

Burns, founder of the detective agency bearing his name, and now head of the bureau of investigation of the department of justice, took the stand shortly before noon.

He testified McLean was appointed an agent of the department of justice "sometime in this administration."

Burns said he asked Mrs. Duckstein to inform her husband of McLean's connection with the department, which was being investigated.

He said he thought McLean might wish to resign, rather than have disclosure of his connection "embarrassing the attorney general."

Burns admitted that the code used in communication with McLean is not obsolete. It is still in use by the department.

Secret intrigues to keep E. B. McLean off the witness stand in the oil inquiry will have a further airing today before the senate oil committee.

The committee got one step nearer the full inside story of the purpose of these intrigues when it called Wm. J. Burns, head of the department of justice secret service to explain how McLean got possession of a code formerly used by justice agents. Burns also was to be asked whether he sent word to McLean at Palm Beach that he was being investigated by the department.

The committee is interested in McLean's code messages and his unusual efforts to avoid testifying because it believes this indicates that he knew more about the oil scandal than he has told. McLean himself will be put on the stand later in the week.

CARTHAGE MEN ARRESTED

First Results of Crusade Against
Selling Tobacco to Minors

The first arrests in the crusade against dealers selling tobacco to minors, were made today, when two Carthage business men appeared before Justice Stech and entered a plea of guilty to the charge of selling cigarettes.

The men were Forrest Kennedy and Russell Phelps, and each was fined \$10 and costs, amounting in all to \$17.75.

It was stated a few days ago that a campaign was being launched in Rush County against the violation of the tobacco law, and it is understood that there are several more affidavits to be filed soon.

MAY IMPROVE ROAD WITH GAS TAX FUNDS

Commissioners Agree to View Mile of
Highway in Anderson Township
When Petition is Filed

ACTION ON ANOTHER ROAD

The first road in Rush county to be improved with money received from the state gasoline tax will probably be the Shellhorn road in Anderson township, following the action Monday of the county commissioners who agreed to view the road on February 8.

Rush W. Tompkins and other taxpayers of the township petitioned the board at its March meeting to improve one mile of the Shellhorn road with gasoline tax funds. If the commissioners find the road needs improvement, it is probable that they will order the work done.

The petition for the improvement of the Shellhorn road has been pending for some time, but the road could not be built because Anderson township has exceeded its bonded indebtedness limit for new roads.

The commissioners also appointed W. F. McKee and Frank Huddleson viewers for the James Shannahan road in Rushville township. The viewers were ordered to qualify Wednesday and report March 22.

The board allowed the usual monthly claims and granted the Rushville Gun and Rifle Club permission to hold shoots on the old fair grounds east of the city.

FOR APPENDICITIS

Mrs. Charles Pettis underwent an operation for appendicitis at the Dr. Frank H. Green hospital today.

TO TRAVEL WITH OFFICIAL PARTY

Samuel L. Trabue, K. of P. Grand
Outer Guard, To Attend Regional
Meetings With Grand Officers

WILL BE HELD MARCH 10 TO 14

Occasion for Indiana Pythians To
Pay Tribute To Order's Most Sacred
Relic, Rathbone Bible

Samuel L. Trabue of this city, grand outer guard of the Knights of Pythias lodge of Indiana, will accompany the grand officers of the lodge and Harry M. Love, supreme keeper of records and seals, in attending a series of five regional meetings in the state, to be held March 10-14.

The regional meetings will be the occasion for seventy-five thousand members of the lodge in Indiana to pay tribute to the order's most sacred relic—the Rathbone Bible—preserved in the Pythian archives, which was the gift of Justus H. Rathbone, founder of the order, by his mother, and was used by him when he obligated the original thirteen men forming the first lodge in Washington, D. C., on Feb. 19, 1864. The book is in the custody of Harry M. Love, supreme keeper of records and seal, Minneapolis, Minn., who will administer the obligation in the rank of page to the large classes being formed by Indiana Pythian leaders.

One hundred and twelve lodges located in nineteen counties surrounding Indianapolis will be represented in the convention to be held in Indianapolis, March 12, when it is planned to confer the page rank on a class of 1,000 candidates at the Athenaeum. Other conventions to be held during the week are Lafayette, March 10; Bedford, March 11; Marion, March 13 and Mishawaka, March 14. Committees in charge of the campaign according to reports made to Carl R. Mitchell, grand keeper of records and seal of the Indiana grand lodge, indicates that approximately 5,000 candidates will be obliged, using the Rathbone Bible.

Rush county is among the nineteen which will join in the Indianapolis regional meeting and George W. Coons of this city and Hubert Innis of Milroy have been selected as the representatives of the two lodges in this county on the reception committee.

INSERT K. OF P.

The Rushville lodge will have a class of at least fifteen candidates.

MRS. J. B. GREEN SUCCUMBS

Former Milroy Woman, Mother Of
George E. Green, is Dead

Word has been received here of the death of Mrs. J. B. Green, which occurred this morning at 3:45 o'clock at the home of her daughter, Mrs. Alice Sharp of Richmond, Ind. The deceased was 85 years of age and was a former resident of Milroy. She had been ill for quite a while, death being caused by a complication of diseases.

Mrs. Green left Milroy a few years ago to make her home with her daughter in Richmond, having lived practically all her life in the Milroy vicinity. She was the mother of George E. Green of this city. No word was received as to the time and place of the funeral, but it is believed that the burial services will be held at the Milroy cemetery.

TELLS STORY OF GOLDEN RULE NASH

Mrs. Mary Cornell Stoiber of Cincinnati Speaks to Joint Meeting
of Rotary and Kiwanis Clubs

GOLDEN RULE IN BUSINESS

Remarkable Growth of Factory That
Has Applied Christ's Message is
Explained by Speaker

Mrs. Mary Cornell Stoiber of Cincinnati told the story of the remarkable rise of "Golden Rule" Nash of Cincinnati, manufacturer of made to measure suits for men, before a joint meeting of the Kiwanis and Rotary clubs today noon at the Social club.

Born in Indiana, he was reared as a Seven Day Adventist, educated to be a minister of his church, tried for heresy and cast out of the church, and finally, after working as a day laborer and living in poverty, he succeeded in business in a small way in Columbus, O. His savings were wiped out by the flood in 1913 and he finally became established in his present business in Cincinnati in 1916.

At that time he employed 29 people in the smallest made-to-measure clothing factory in Cincinnati, and eight years later he has the largest factory of its kind in the world.

Practice of the golden rule is his relations with his employers is the basis of his success, Mrs. Stoiber said.

The speaker said that Mr. Nash was asked one day if all of his employees were Christian. He responded that they were, meaning Jews, Catholics, adventists and protestants.

"I mean," he was quoted as saying, "that all who apply the teachings of the Nazarene in their daily life and business are Christians."

Nash started with a capital of \$60,000 in 1916, Mrs. Stoiber said, and operated at a loss of \$4,000 the first year. During the winter of 1917 and 1918, he bought an old factory in Cincinnati, found it was a typical "sweat shop" where low wages prevailed and was discouraged.

He announced that he would raise wages materially, but fearing that he would fail by applying the golden rule to business, he left Cincinnati in search of a farm for a home. He returned to find that his factory was turning out three times as much business. Wages had averaged from \$4 to \$18 a week and he had raised them from 50 to 100 percent.

From that time on the business made remarkable gains until now there are 4,050 workers in the main

DUE TO CHILDREN'S QUARREL

Fight Between Neighbors in Indianapolis Results Fatally

Indianapolis, Ind., March 4—James Bush died today of wounds received Saturday in a cutting fray with his next door neighbor, George Chadwick, 37.

Chadwick is in a serious condition with a deep gash across the throat and several slashes on the face. The two men took up a quarrel started by their two children, and they fought until they were forced to quit by the lack of blood.

REVIEWS CENTURY OF CHRISTIANITY

Dr. H. H. Halley Recites First and
Last Part of Book of Acts Monday
Evening

TAKES UP EPISTLES TONIGHT

Bible Reader Makes Earnest Appeal
For Regular Church Attendance
And Bible Reading

A splendid presentation of the first century of the Christian religion was given Monday evening by the Dr. H. H. Halley, when he recited the first part and the last part of the Book of Acts, at the First United Presbyterian church. The interest is still growing in the series of meetings and the church last night was filled with people, who wanted to hear the Bible reader.

Tonight Dr. Halley will begin a series of readings on the epistles. The meetings will be held in the St. Paul's Methodist church after tonight, closing Friday night with the book of Revelations. He will give three main epistles, giving First Corinthians tonight, Romans, Wednesday night, and Hebrews Thursday night.

In a short preliminary talk, before beginning an explanation of the Book of Acts, Dr. Halley made an appeal to all people to become Christians. He stated, however, that these meetings were not revival services, but if his reciting of the books of the Bible, would appeal to someone, and make them want to acknowledge Jesus as their friend, he would feel that his work was well done.

"I would love to see everyone resolve down in your heart, to make it a habit of your life to always go to church and Sunday school and read the Bible. If you do these things, everything else will come around all right. It is glorious to be a Christian and I cannot think of myself not being one. I would hate to go through life and death and face what is beyond without feeling He is my friend."

In his explanation of the Book of Acts, Dr. Halley stated that he did not think that was the proper name for it, but that he was going to call it "The Founding of the Church". It is the extension of the gospel to the Gentiles. God prepared to do something for the nations. The Gentiles were the main race, other than the Jews. He planned to unite all nations and in this book the redeeming of the nations began.

"It gives an account of the household of God widening out from being a national affair to an international affair—a cosmopolitan institution," Dr. Halley explained. "The fact that the household of God was to become universal, brought its problems."

"The Jews thought they were God's chosen people and they were different from all others, and the problem that Jesus had to contend with was to break down the wall of exclusiveness the Jews thought was built around them. This brought about the gradual

STATE FINANCE BOARD BORROWS HALF MILLION

Loan Made From State Highway
Fund After Auto License Fees
Are Transferred

STATE DEBT OVER \$4,000,000

Indianapolis, Ind., March 4—One million dollars was transferred today from the automobile license fee fund held by the secretary of the state to the state highway fund.

The money due April 1 was advanced by request to the state board of finance. The finance board in turn borrowed \$500,000 of this money and transferred it to the general fund.

The board meeting late yesterday took no action on a request of John D. Williams, director of the state highway commission, for a certificate of indebtedness for \$360,333, representing inheritance taxes, accumulated since July 1.

The total indebtedness of the general fund, should Williams request be granted, will be \$4,390,000, members of the finance board said.

CORN SELLS FOR 88 CENTS

Good Prices Prevail At William Miller Farm Auction Monday

Corn brought eighty-six cents a bushel and other farm products, live stock and implements sold for good prices at the William Miller farm, northeast of Rushville, Monday.

The proceeds of the sale amounted to almost \$2,000. Horses sold as high as \$176 a head and sheep were knocked off at \$14 a head. Alfalfa hay sold for \$25 a ton and farming implements went at good prices. The bidding was very spirited and most of the articles sold for cash. Glen Miller was the auctioneer.

REMOVED TO THEIR HOMES

Mrs. Raymond Kelso of Clarksburg and Miss Lucille Brown of this city have been removed to their homes from the Dr. Frank H. Green hospital, where they underwent operations for appendicitis several days ago.

Lieut. Com. Bruce G. Leighton (left) newly appointed engineer officer of the Shenandoah and Lieut. Com. Zachary Lansdowne, who succeeds Commander McCrary, are shown photographed at Navy Department in Washington.

U.S. MARINES ARE WOUNDED

Fighting in Honduras Results In Burning of City of Ceiba

Washington, March 4—Several American marines have been wounded in Honduras and more than nine square blocks of the city of Ceiba are in ruins, according to a report here today.

The report, while unconfirmed by the state department was said to have been received by the navy department.

Burning of Ceiba was said to be the last move of government troops before abandoning the city.

The battle between government forces and the army of General Ferrera is said to have been in progress before Tegucigalpa. American marines may be sent to Tegucigalpa, Honduran capital, to protect American interests, it was indicated today.

TO TRAVEL WITH OFFICE PARTY

Continued from Page One
it was estimated today, for the regional initiation in Indianapolis. Other lodges from the nineteen counties will send candidates to make up the class which will be initiated.

The lesson of friendship for the Indianapolis class will be given by the dramatic team from the lodge at Wilkinson. This team is said to be one of the most perfect in the state and has a large amount of scenery and equipment with which to produce scenic efforts. All of the grand lodge officers will attend the Indianapolis meeting and besides Supreme Keeper of Records and Seal Love, the supreme lodge will be represented by the attendance of Supreme Chancellor George C. Cabell of Norfolk, Va. At other big state meetings in the ritual work will be given by teams selected on account of their excellency in rendering the ceremony.

The insurance department of the order, through President Harry Wade, will present a large silk flag to the lodge in each district which obtains the largest number of candidates. The department will be represented at each meeting by President Wade, who will make the flag presentations. A number of the grand lodge officers, including Elmer Bassett, grand chancellor, Shelbyville; Dore B. Irwin, grand vice chancellor, Decatur; Mr. Mitchell, grand keeper of records and seal; Samuel L. Trabue, grand outside guard, Rushville, and Henry Krammer, grand master of exchequer, Logansport, will accompany Mr. Love and the Rathbone Bible on the state itinerary.

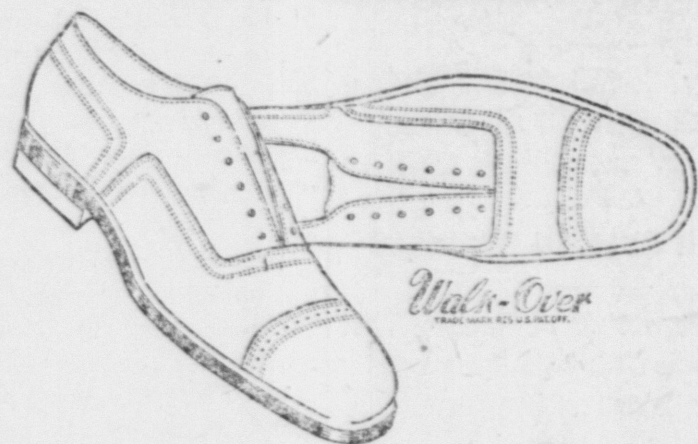

The meeting in Indianapolis will attract several thousand members and in the afternoon of the initiation a reception will be held in the parlors and auditorium of the Indiana Pythian Building for Mr. Love and the candidates.

Harrison Mansion Closed

According to an announcement received here it has been necessary to close the Harrison Mansion at Vincennes, Ind., for an indefinite period, probably two or three weeks, so that interior repairs and restoration may go forward as fast as possible. The public here will be notified when it is open. The announcement was sent here to inform the tourists so that they may plan to come to Vincennes at a time when they may have the pleasure of a visit to the Harrison mansion. The announcement was sent out by the Harrison House committee.

Walk-Over

For men who have bigger things than feet to think about

Men who do things must be rid of thoughts about their feet. Their shoes must be comfortable and they must be in good style.

That's why so many business men like the Delmar

It's a Walk-Over model and is comfortable. It has the style men want and it certainly does wear.

Don't Blame the Plow-Boy

If he can't make the old, worn out wobbly plow stick to the hard ground.

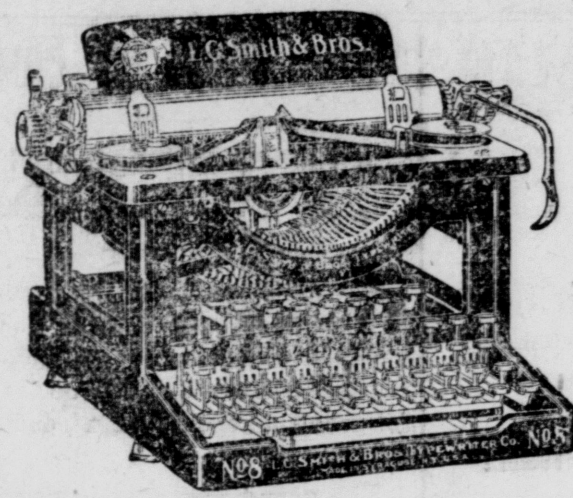

Supply him with an Oliver No. 11 Sulky and you will see a world of difference in his plowing.

You will not find places here and there where the plow has raised entirely out of the ground because it struck a hard spot, nor will you find places where the mould board pushed the furrow slice to one side instead of turning it completely over, simply because it failed to scour.

Light draft, ease of operation and perfect scouring qualities make the No. 11 sulky an easy winner in the field.

Why the L. C. Smith Cuts Better Stencils

The cutting of stencils for duplicating machines is a precise and difficult operation.

There are several reasons why the best results are obtained on an L. C. Smith & Bros. typewriter.

The carriage is rigid and is not

shifted for capital letters. Ball bearing construction throughout eliminates vibration and lost motion.

Equally important is the exclusive feature of interchangeable platens, making it possible for the operator to use a platen of the correct hardness for clear, sharp stencil cutting.

It also allows the operator to clean off all dirt and moisture from the platen, the feed rolls and the metal parts of the paper feed, without the aid of a mechanic.

On machines where the platen is not removable, the surface of the platen soon becomes worn, pitted and uneven, making it impossible to cut a clear stencil.

The L. C. Smith is the ideal machine for stencil cutting. Send for free catalog.

Guard Your Mouth

Let WRIGLEY'S be the guardian of your mouth and throat.

It will combat trouble of various kinds. It helps to keep the teeth free from food particles that ferment and cause decay.

It has an antiseptic effect. It relieves acid mouth and thus not only prevents harm to the teeth, but serves to sweeten the stomach.

It stimulates digestion and helps to prevent the forming of gas that causes dyspepsia.

Read from a widely known medical work:

"Chewing gum aids tooth nutrition and the cleansing action is a definite benefit—it prevents dyspepsia. Good chewing gum is excellent for bad digestion.

PERSONAL POINTS

—Mr. and Mrs. John Moore were visitors in Indianapolis today.

—Miss Katherine Keating was a visitor in Indianapolis Monday.

—Mr. and Mrs. C. H. Tompkins visited in Indianapolis Monday.

—Mr. and Mrs. Bert Mullin were visitors in Indianapolis Monday.

—George Reed of Indianapolis transacted business in this city Monday.

—Mrs. Hattie Plough spent Monday in Indianapolis transacting business.

—Mrs. Sallie Huss has returned to St. Louis, Mo., after a visit in this city with her sister, Mrs. J. B. Pusey.

—Mrs. Mary L. Neutzenhelzer transacted business in Indianapolis Monday.

—Miss Ethel Skinner of Westport, Ind., is visiting her sister, Miss Hazel Skinner of this city.

—Mrs. J. M. Watson spent Monday in Connersville visiting her daughter, Mrs. Emmett Fegley.

—Mrs. Belle Cosand and Mrs. Norm Norris were business visitors in Indianapolis Monday.

—Miss Helen Monjar has returned to her home in this city from a few days visit in Indianapolis.

—Mrs. Celia Hayes of Raleigh is spending the week in this city the guest of her daughter, Mrs. George Todd.

—Mrs. Phil Wilk and grandson Phillip Wilkie, have gone to Akron, Ohio, for a visit with Mr. and Mrs. Wendel Wilkie. Mrs. Wilkie has been ill.

Mr. and Mrs. Walter Hall of Shelbyville were called here Monday evening on account of the serious injury Mr. Hall's father, Charles Hall, received Monday at the fire in Circleville causing his death.

REVIEWS CENTURY OF CHRISTIANITY

Continued from Page One

revelation of all people. He could not do this all at one time, however, but took it step by step. The Jews believed that when their Messiah came, they were becoming rulers of the world.

"When Christ came He was faced with the task of convincing His disciples, that He was the Messiah. They were obsessed with the idea that Jerusalem would rule the world and that He would enforce the law of Moses on all the world. He at first let them think that, but gradually He convinced them to the new ideas of the Kingdom, which would be changed. Then the Jews did not think that he was their great Messiah, but when He arose from the dead and they saw Him with their own eyes, proved beyond a doubt He was the great Messiah. Still they had the wrong idea of the real work He was going to do.

"It did not enter into their minds that the Gentiles could become Christians without first becoming Jews, and this was when the trouble began. Much prejudice and bitterness arose between the Gentiles and the Jews. The Jews had their aspirations of ruling over all the world and that Jerusalem would be the center for great pilgrimages. When they saw the Gentiles coming into the church, they could not understand it, and hatred existed.

"They thought Paul, when he went out to spread the teachings of God over all the world, was a traitor to the Jewish aspirations. Paul wanted to establish unity between the Gentile and Jewish people not theologically, but he wished to fellowship with them."

Dr. Halley stated that he believed Paul's journey to Jerusalem was the most beautiful story in the Bible. He underwent much hardship and suffered, in order to prove to the Jews that the Gentiles were God's people as well as themselves.

The reader recited this part of the Book of Acts in a beautiful way, and was a splendid close to his presentation of the beginning of the Christian religion.

INTIMIDATION IN PROBE IS ALLEGED

Continued from Page One

him as a sub-committee to draft a program of procedure choose the matters to be investigated and set the date for the opening hearing.

At a private meeting of the committee today, Wheeler will make his first report and it is understood, ask for the issuance of the first batch of subpoenas. The first public hearing will be held late this week or the first of next week.

RUM RUNNERS CONVICTED

Indianapolis, Ind., March 4—Convicted of rum running, Ben Doncaster, Cincinnati, and George Morgan, St. Louis, today faced a sentence of one to two years in the state prison.

FIRE LOSS OF \$12,000

Davis Brothers Garage in Connersville Damaged After Explosion

Connersville, Ind., March 4—The fire which destroyed the Davis Brothers' garage in Connersville today at noon, at first threatened the entire business block, where the garage was located, on Fourth street, back of the court house. It was estimated that the loss would reach \$12,000.

It is thought that the fire started in the blacksmith shop in the back part of the garage, when a hot steel spark fell in a pool of gasoline on the floor, causing an explosion, and making the fire spread rapidly. After fighting the blaze for about a half hour, firemen had it under control.

Scout Notes

Troop No. 3 feels that they have the honor of having more second class tests passed than any other in the city. One boy in this troop has passed at least five of the requirements.

Troop No. 1 of Milroy has sixteen Second Class Scouts in the troop. Mr. Merrell has been asked to give the First Class tests there in April.

The aim, you know, is to have every boy in the Rushville Scout organization a Second Class Scout by the middle of March. As this will be practically impossible since so many new boys have joined it's make it at least sixty.

Troop No. 1 together with Mr. Cotton tried out their mile in twelve minutes on Wednesday evening. Twenty seconds is as close as anyone came to it. Six seconds are allowed either way so the boy who made it as close as twenty seconds is getting good for the first time.

TROOP NO. 3

At our meeting last night four boys passed their compass test and two the signalling. The itinerary of the Turkey Run Camping Trip was explained in detail and pictures of it were shown. At the meeting next Monday night the boys will be allowed to pass any test that they care to.

BURKE DUGLE, Troop Scribe

CIRCLEVILLE MAN DIES AFTER FALL

Continued from Page One
fore the local fire station was called, and when the alarm was received, the pumper and chemical trucks made the run. The home was too far from the river and only chemicals could be used.

After fighting the flames unsuccessfully, the firemen then devoted their attention to the two homes across the street, and it was by hard work that these two homes were saved, as they were on fire in many places.

Mr. Hall was assisting in carrying water and aiding the firemen, when he fell from the roof at the rear of his home.

Circleville, although not a part of Rushville, has frequently talked of being annexed, which would in such a case give them fire protection. The city furnishes them with electricity, and the suburb has many fine residences and buildings scattered over a wide area, and is without any protection. They have had several fires.

The McDonald home that burned was formerly owned and occupied by Frank Windler, and at the rear of this place a greenhouse was burned several years ago. Mr. Windler moved a few years ago to Morris-town.

TO FIGHT BOARD ACTION

Noblesville, Ind., March 4—Members of the Hamilton county farm bureau today were planning an active campaign to make the county board of education reconsider their action in abolishing the position of county agent here. If necessary, some members indicated, the farm bureau may consider taking court action.

MURDERER FOUND INSANE

Greenfield, Ind., March 4—Charles J. Schmidt, alleged murderer of August Spilker, a farmer, was to be taken to the state colony for the criminally insane at Michigan City today. Three physicians appointed by Judge Walker to examine Schmidt declared he was insane. He had confessed to authorities that he murdered Spilker and later repudiated the confession.

MAY BE INTERURBAN THIEF

Indianapolis, Ind., March 4—Local detectives believed today that William Ollis arrested in Portsmouth, O., is one of the men who robbed passengers on a Martinsville interurban car near Maywood in January, 1923.

TELLS STORY OF GOLDEN RULE NASH

Continued from Page One
factory and its branches, doing a business in 1923 of \$5,958,538.

"The soul of the workers was aroused," Mrs. Stoiber asserted, "but that is not the effect of the financial success. It is the spirit and unity and cooperation, without any friction, due to the family feeling among all of the employees. The business has risen far above the plane of cut-throat competition.

"Many have asked: What does the worker get out of it? They are paid for what they produce and there are no bonuses. They make their own wages. They are imbued with the spirit of the golden rule and they do not take more than they think they are actually entitled to.

"I was amazed when I attended the first meeting of the workers and found that the conduct of factory was in their hands. Mr. Nash announced that they were making an unjustifiable profit of \$2 a suit. One worker suggested that since there had been some complaint about the lining being used, that they take \$1 of this profit in improving the lining and divide the other \$1 among the workers. This was finally done.

"The workers do the hiring, there is no firing and there is no time clock. Mr. Nash says that instead of using men and women to make money, we should use money to make men and women."

Mrs. Stoiber told of the rejuvenation of workers through the influence of the factory morale. She related how the gross business of the concern had grown from \$132,190 to almost six million dollars last year.

"Mr. Nash believes," she continued, "that when employees have the same feeling towards the president of the concern they work for as they do for the pastor of their church, there will be no strikes. There is a line between them that places them on the same footing."

BIBLE THOUGHT

—FOR TODAY—
Bible Thoughts memorized, will prove a
precious heritage in after years.

Be kindly affectioned one to another with brotherly love; in honor preferring one another; recompense to no man evil for evil. Provide things honest in the sight of all men. Be not overcome of evil, but overcome evil with good.—Romans 12: 10, 17, 21.

Bureaucracy

A national meeting of educators, made up of public school executives from all parts of the United States, adopted a resolution favoring a department of education in the federal government and the addition of a secretary of education to the president's cabinet.

Though educators may know better how to better the educational system of the country the advisability of adding further departments to the government, already overloaded with bureaus and commission, will be seriously questioned.

Our greatest menace is multiplication and needless extension of government functions and regulations by both state and nation. Of foreign foes our country need have no fears, but it had better beware of the hydra-headed monster, bureaucracy.

Bureaucracy is the cancer worm at the root of our government, federal and state. If it is not blocked in its slow and insidious attack, paternalism will eat its way into the heart of our representative form of

government and chaos will be the result.

There is a disposition at Washington to attack the evil. This is indicated by the demand for an immediate reduction in expenditures and the enactment of the budget system law.

These steps may tend to ward off further encroachments, but the worm is heavily entrenched and it grows on what it eats—taxes—and spreads its power to new places at every opportunity.

Buying Home Products

A thousand women of a certain town established a "butter boycott" and the farmers were immediately aroused. They organized and fired broadside after broadside through the local newspapers.

Eliminate "Old Bossy," the farmer said, and if the housewives decided to eat substitutes, neighboring cities would provide an ample market for their "country butter" trade.

"Hot soda biscuits and Jersey butter—real butter—or hot pancakes and real butter and maple syrup, or home-made bread and real butter. Nothing compounded by chemists can take the place of these," said the embattled farmers.

Suffice to say, the farmers won out, because they were right and they dared to adopt modern methods to place their case squarely before the public.

There is nothing right about a boycott in the first place, and people who do not buy the products of their home community and help it to prosper, scarcely deserve the right to live in it and enjoy the benefits accruing to everyone.

DAN DOBB SAYS

Being too serious is a very serious mistake.

A slight earthquake felt in Alaska was probably caused by some seal hunter's lies.

The well-informed girl doesn't catch a husband as quickly as the well-formed girl.

Closed autos are becoming as popular as closed mouths.

Looking up is an optimistic habit, but in London, an an is suing because his nose hit an awning.

Business is so bad in the United States steel production has increased only 25 percent this year.

A big company is placing on the market a new oil which quiets engines. If successful it should be used by political machines.

The Eskimos are said to be very happy. Well, they don't have to argue about the weather. They know it will be cold.

Belgians have seized \$200,000 in gold going to Germany. This is enough gold to fill the teeth of many tourists.

TO MAKE STATEMENT

Anderson, Ind., March 4—Officials of the Union Traction company indicated today that a statement on the Fortville wreck might be forthcoming as soon as they had completed their study of the report of the state public service commission on the crash.

DELEGATION TO ATTEND

A large delegation from the Center Christian church is planning to attend the Shultz-McVay revival meetings at Carthage on Wednesday night of this week. The Center male quartet will sing. It is expected that this delegation will number 75 to 100. Everyone from this center community is invited to attend. The meetings will open at 7:15 p. m.

ASKS RESTRAINING ORDER

John C. Groub and Company have filed a complaint in Justice Stech's court against Henry McMahon, the complaint being on an account and for a restraining order. The demand is for \$37, and the restraining order asks that the defendant be enjoined from selling fixtures or property involved in the complaint. The case will be heard Wednesday morning at 9 o'clock.

From The Provinces

It's Something to Worry About (Springfield Union)
If all the time we have saved by not worrying over the suspension of the Bok peace prize investigation could be placed end to end it probably would reach into the middle of next week.

Can't Anybody Reform Him? (Houston Post)
The immurement of William H. Anderson in Sing Sing doesn't discourage us wild-eyed reformers. He will have an opportunity to reform the murderers and crooks there.

It's "Unter Alles" These Days (New York Tribune)
Germany complains against interference when she broadcasts "Deutschland Uber Alles." First interference on land; now in the air.

Them Were the Happy Days (Ohio State Journal)
We suppose President Coolidge occasionally looks back longingly to the quiet, humdrum days when the Boston policemen were on strike.

Makes it Perfectly Ali Right (Pittsburg Gazette-Times)
Congress is expected to approve the North Pole trip, because it involves an expenditure of public funds, perhaps.

He's Always on the Run (Detroit News)
Physical Culture Item: To improve the wind, take out an enlistment with Mr. Huerta.

His Boom Has "Gone West" (Detroit Free Press)
It seems to be doing a rapid fade-out in the direction of the Golden West.

TO W. G. H's Memory

Officials of the government met in the House of Representatives in memory of the late President Harding. Photo shows President Coolidge (left) and Chief Justice Taft with bowed heads as prayer was being said.

FIFTEEN YEARS AGO TODAY

From Daily Republican
Thursday, March 4, 1909

The Rushville bowling team journeyed to Shelbyville this afternoon via Greensburg, where they will meet the strong Shelbyville five. The local team felt confident of victory and expect to return victorious with a stronger hold on the leading position.

Dan Spivey will leave next Monday for Fort Dodge, Kansas, where he will superintend a farm of four hundred acres for the Soule College of that city. It is a responsible position and both the institution and Mr. Spivey are to be congratulated on the closing of the contract.

Ike Miller was thrown from the Home Furnishing Company's delivery wagon yesterday and painfully injured. His right shoulder is considerably bruised and mashed up so that he will be unable to work for several days.

The Indianapolis Star today contains the following account of an event in Washington in which Congressman Watson was the central figure: A large crowd assembled in Speaker Cannon's room in the afternoon to witness the presentation to Representative Watson of the silver service and the silver loving cup purchase for him by his Republican colleagues in the lower branch of congress.

The Brownsburg high school basketball team will meet the Rushville high school five on the Graham school gymnasium floor on Friday evening.

The announcement of the marriage of Miss Ethel Green of Richland and James Hall of Milroy that occurred in August was made yesterday. The young couple eloped to Kentucky in August, where they were married. Mr. Hall returned from an extended business trip in Texas yesterday and the secret was made public.

Miss Ette Dailey, Miss Ethel Rogers, and Mrs. B. F. Miller saw "The Red Mill" at the English theatre in Indianapolis.

Rev. and Mrs. T. B. Gary of near Henderson spent Wednesday with Dr. and Mrs. D. D. VanOsdel in West Third street.

Mrs. John M. Baell, who has been dangerously ill at her home in East Sixth street, is reported to be in a very bad condition today.

Attorney John D. McGee was able to be at his office today after a several days' illness with the grip.

Miss Kate Kinney of Lafayette is ill with tonsillitis at the home of her parents, Mr. and Mrs. Dan Kinney in West Tenth street.

TO GIVE TEMPLE DEGREE

The drill team of Rushville commandery No. 49, Knights Templar, has been invited to confer the Temple degree before the Richmond commandery Monday, March 24, and has accepted the invitation. Members of the team and all of the officers of the local commandery will be the guests of Richmond commandery.

MRS. BUSH TELLS OTHER WOMEN

How Pains in Side and Dragging Down Feelings Were Relieved by Lydia E. Pinkham's Vegetable Compound

Massena, N.Y.—"I had terrible pains in both my sides and a dragging-down feeling that affected me so that I could hardly walk, and I got run-down. A friend who had taken Lydia E. Pinkham's Vegetable Compound advised me to try it and I have taken it with the best results. I do my housework and also some outdoor work on the farm. The Vegetable Compound has given me back my health and I can not praise it enough. I am perfectly willing that you should use these facts if my letter will help other women who still suffer."—Mrs. DELBERT BUSH, R. F. D. 1, Massena, N.Y.

The spirit of helpfulness shown in the letters we are constantly publishing is worthy of notice.

These women know by experience what Lydia E. Pinkham's Vegetable Compound will do. Your troubles are the same as theirs. Isn't it reasonable to expect the same results?

If you have pains and a dragging-down feeling and are nervous and irritable, profit by Mrs. Bush's experience and give this Compound a trial.

NEWSY GOSSIP IN THE WORLD OF SPORT

HITTIN' 'EM AND MISSIN' 'EM

"It will be four years before a team can win or lose again on February 29, so make the most of it," says Markin 'em up of Newcastle. That's what we are hoping for, ole top.

Mooreland knocked Newcastle's hopes in the tourney, and last year Mooreland knocked Shelbyville's hopes. This year at the Richmond regional Mooreland has a chance to crack Muncie.

Hagerstown had a dream all through the season that they were going to romp over Richmond in the sectional. Their dream didn't come true, as the Morton team didn't have much trouble taking them in the semifinals, 30 to 18.

Let's see, that is also the same Hagerstown team that recently beat Connersville. And to think that the Ikniks have hopes of winning the state title.

Shelbyville has raised enough money to take the high school band to Richmond. If we remember rightly there is a ruling of the state high school association against bands and drum corps in regional and finals. At least there is a ruling against them in the finals at Indianapolis.

The point that Shelbyville doesn't want to overlook in their trip to Richmond, is the fact that the important job is to beat Muncie after beating Arcadia first.

Manilla should have gone to Richmond instead of Connersville. Shelbyville had arrangements under way for a special train over the Pennsylvania with Shelbyville also in the list, and Manilla could just as well have taken Shelbyville's place as not. Our next best bet was Gings, but ole Connersville shoved them off too.

Plans for the Sixth District tourney for next year will be taken up at the Richmond regional this week. It will be great stuff to have the eight county seat high school teams taking part in a tourney about February first next year, and will be something new in the line of tourneys.

BUT NOT FOR LONG

The Vincennes Sun comments as follows:

Rushville hasn't much on Newcastle, and both of those teams are on the scrap heap of tourney leftovers. The Connersville Ikniks still 'liking.

Here's a Poet From Homer

Homer, Ind.
March 3, 1924

Dear Hittin' 'Em,

The dope bucket was almost upset last year when Shelbyville was defeated by Mooreland, but it was entirely turned over February 29 when Manilla, even a smaller town than Mooreland defeated Shelbyville. I wonder, Rushville, what will be your "come-back" now? Please remember Shelbyville is still on the map. You know, "He who laughs last, laughs best." Here is what I have to say for Manilla:

The sectional at Rushville Which many did attend. Was nothing but excitement. From beginning to end.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feed young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for cod liver, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

Manilla, she drew Rushville To plat at eleven flat, Manilla, she knocked Rushville Entirely off the map!

The game, oh how exciting, Manilla played hard and clean, The whistle blew—the score Was fifteen to sixteen!

You did not win the tourney, But Manilla, you did enough, You beat those boastful Lions, That sure was the stuff!

Nine rabs for Manilla! Yea Shelby, keep going!

Sonoma Martin

Sonoma doesn't have much love for Rushville, that's a cinch. She wonders what our "come-back" will be, and by golly Sonoma, don't you know we haven't even thought of any, except praise for Manilla, and sorry that they didn't go on through and win the tourney. You seem to have us all wrong up here. We haven't made a single alibi for a defeat this year. If half of our team is off, we don't sing the blues about sprained ankles and star players being off, we just go in, and if the game is lost, why we just "read 'em and weep." There is one thing we can say also Sonoma, every Rushville fan was loyal to a county team—which sorta appears to be just the opposite to agreat many people living some of the outlying portions of the county. There is little doubt but that fans from your vicinity that attended the tourney here, were rooting for Connersville in preference to Milroy, in the final game. As for Shelbyville going farther, you will also find in Rushville that people are wishing them the best luck in the world. You oughta try showing a little sympathy for the teams that are defeated, and help cement the relationships of the various communities, rather than rubbing it in. Hittin' 'em congratulated Em Headlee on his team's success up here, and had they won the sectional here, Manilla would have had a big band of Rushville rooters at Richmond this week, and so would have Milroy.

As it is, all of these Rush county teams will have to be content, and win the sectional next year.

One thing is certain, Rushville hasn't played pig in this sectional business. Five times they have entertained the sectionals, and won once.

Connersville loves to rub it in on us. Oh, boy, our time is comin'!

A FEW PRESS COMMENTS

Poor old Rushville. Counting on deciding the tournament held at Rushville with Connersville, and then getting knocked off by Manilla by one point in their first game. HARD LINES, RUSHVILLE.

—Richmond Item

Anyhow, we're thankful that we don't live in Rushville and Blooming-ton. The Wildcats will get to appear in at least one more game, and we've got a suspicion that they'll be riding the wave after all the rest are gone. If we're right, we're right, but if we're wrong, we're wrong all wrong, and we're willing to let it go at that.

—Kokomo Tribune

Poor old Rushville. Got knocked out of the sectionals by Manilla. Wonder what the Republican will say for itself now.

—Vincennes Sun

Manilla upset the dope in the Rushville tournament yesterday by dropping the Rushville five, 16 to 15, in the opening round of the tourney. But Rushville is a sorry-looking bunch. That's tough, Hittin' 'Em for we were hoping you would get to take those Hemiks down the line tonight. Looks like Connersville has a free ticket to the regional meet now.

—Newcastle Courier

One of the big surprises in the sectional first round games occurred in the meet at Rushville, when the Rushville team was eliminated by the Manilla entry, 16 to 15. Manilla fought like a bunch of wildcats against the crippled Rushville team. The Rushville fans were roared speechless by the result of the game.

—Shelbyville Republican

"Commanding Officers"

Cozy Dolan, Judge Francis McQuaide and Hugh Jennings (left to right) look over the recruits at Giant training camp, Sarasota, Fla.

Walker Left For Leonard

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 4—Benny Leonard, if he wants to make any real money in the ring this summer, will have to move out of his class and meet Mickey Walker for the welter-weight championship.

Leonard is positively without an opponent in the lightweight class who would more than fill Madison Square Garden, let alone one that would be a card for a big outdoor show.

Johnny Dundee spoiled the chances of Pal Moran, the New Orleans lightweight, just when it looked as if Moran could be built up into a real challenger.

Dundee insists that Leonard's afraid to fight him, but it will not be proved on Leonard, because no promoter is going to try to stage such a bout.

Rock Kansas was held to a draw recently by Jack Bernstein, a junior

lightweight. Richie Mitchell is through. Lew Tendler is through. Charley White is through, and Sailor Friedman is out of it.

Bernstein might be built up into a match for the title, but it can't be done in time for a big bout this summer and it may never be done, because Bernstein is such an uninteresting performer.

Leonard could make some money by fighting Mickey Walker but, if the smart fans are not wrong, he would make a mistake in fighting him.

Jack Britton, from whom Walker took the championship, and recently that he would bet a lot of money that Walker stops Leonard if they ever meet. Harry Greb is another one of the boxers who figures that Walker is too rugged and can punch too hard for the lightweight champion.

Leonard, of course, would have nothing but his reputation to lose in a fight with Walker, but his record is an asset in his theatrical enterprises, and he is somewhat proud of it.

Queen of All!

FIGHTS AND FIGHTERS

LEADERS ARE GIVEN A SCARE

Chicago Five-Man Team Within 4 of Tying Bowling Leaders

Chicago, Ill., March 4—Leaders in the five man event of the American Bowling Congress tourney here were given a scare when the P. L. Wethe Garfields, Chicago, hit the maples for within four pins of first place.

With a total count of 2,854 they jumped into second place. The Anderson Tobacco five continued to hold down the top berth with 2,857. This places the Goldammer Flicht company in third place and the Shorty Dugouts of Madison, Wis., in fourth.

Rebeck and Furrow, Springfield, Ill., slipped into third place with a score of 1,222 in the doubles. Tomlin and O'Gay of Anderson, Ind., copped fourth place in the doubles with a mark of 1,215.

Don't Fuss With Mustard Plasters!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c jars and tubes.

Better than a mustard plaster

122 E. Second St.

The Immaculate Sodality of the St. Mary's Catholic church will hold their last card party of a series of ten, tonight at the K. of C. hall.

Larline Council, No. 296, degree of Pochantas, will meet Thursday evening at 7:30 o'clock in the Red Men hall in West First street. Degree work will be given at this time.

The Pythian Sisters will not hold their regular meeting tonight in the K. of P. hall, on account of the death of one of their members, Charles Hall.

The Monday Afternoon Bridge club was delightfully entertained Monday afternoon at the home of Mrs. Homer Powell, 701 North Morgan street. One table of guests was also entertained at this time. At the close of the interesting card games, the hostess served dainty refreshments.

Members of the Tri Kappa sorority attended the meeting held Monday evening at the First United Presbyterian church, at which time Dr. H. H. Halley recited the book of Acts. Immediately following the service they went to the home of Miss Lavinia Compton where they held their business meeting and social. During the social hour delicious refreshments were served by the hostess.

Mrs. Grace Pearce was hostess Monday afternoon to the members of the Monday Circle at her home in North Main street. Mrs. Ione Churchill prepared an interesting paper on Hamlin Garland's "Son of the Middle Border", and Mrs. Belle Kinsinger read a paper on "Life and Letters of Walter H. Page." At the conclusion of the program refreshments of tea and wafers were served to the guests.

There will be a business meeting of the Rush county federation of clubs Saturday afternoon at the home of Mrs. L. L. Allen, in West Fifth street, to make arrangements for the district meeting here May 1 and 2. The county federation will meet at Carthage the second week in April. All member clubs are invited to attend and each club is asked to be represented by as many as can come.

The Woman's Missionary Society of the Main Street Christian church will meet Thursday afternoon at 2:30 o'clock in the Sunday school room of the church. The bible study will be conducted by Dr. H. H. Halley. Paper on "India" by Mrs. Dan Matlock; music, Mrs. Derby Green; playette, under direction of Miss Florine Gronier, by Martha Williamson, Katherine Casady, Jennie Bradley and Jean Smith; solo, Jane Grieser. The public is welcome to attend this meeting.

Mrs. Adeline Reynolds was delightfully surprised Sunday at her

This is the SILVER POLISH YOU Should Use

It is different from the ordinary metal polish because it thoroughly cleans and polishes without scratching or marring the surface. It contains no grit, whiting, ammonia, acid or injurious chemicals, and you can safely use it on your most valued silverware.

METALGLAS makes a brilliant, lasting lustre on any metal or glass surface.

Ideally for silver, cut glass, mirrors, bathroom fixtures, auto trimmings and windows. Comes in paste form. No dust or waste. Easy to use. All we ask is a trial. If you don't find it the best polish you ever used your dealer is authorized to refund your money.

home in West Market street with a pitch-in dinner, honoring her birthday anniversary. Those who enjoyed the day were George Reynolds, daughter Ruth, and sons Willie and Clifford, Mr. and Mrs. John Reynolds and sons Kenneth, Whitson and Dwight and daughter Leoda, Mr. and Mrs. Charles Reynolds and daughters Bernice and Louise and Mr. and Mrs. Harry Holmes. The day was spent socially with music.

Official Period of Mourning For Woodrow Wilson is Ended

(By United Press)
Flags on American ships in every port, on government buildings, public buildings and private homes which have been flown in honor of former President Wilson may now remain at full mast again.
The official period of mourning for Mr. Wilson ended last midnight.

ROB A CABARET

Hammond, Ind., March 4—Three bandits early today entered the cabaret of Henry Rippe and robbed Rippe and seven customers of \$400. Before committing the robbery the bandits heartened themselves with several bottles of Rippe's near beer.

BETTER AFTER OPERATION

John Sefton, living southwest of the city, is recovering following an emergency operation at the Dr. Frank H. Green hospital for appendicitis.

SOLDIER BONUS TO COST \$9,333,000

President of Anti-Bonus League States Much Confusion Exists Regarding Cost of Bonus

FOR SIXTH DISTRICT ONLY

Mr. Durham Points Out That Very Few Estimates Have Included Cost of Administration

Washington, Mar 4—That the proposed soldiers' bonus would cost the people of the Sixth Congressional District of Indiana in excess of \$9,333,000, if expenditures were apportioned on a per capita basis, is the statement made by Knowlton Durham, National President of the Ex-Service Men's Anti-Bonus League, in a letter sent to Congressman Richard Nash Elliott.

Mr. Durham points out that much confusion exists in the public mind regarding the cost of the soldiers' bonus because official and unofficial estimates have not included the same factors. Some members of the Congress, says Mr. Durham, base their estimates upon the amount of cash that would actually be received by ex-service men, ignoring the interest charges that must necessarily be paid. These interest charges are inevitable, since the country has no available cash resources and does have a debt of more than \$21,000,000,000. Then, too, as Mr. Durham points out, very few estimates have included the cost of administration.

The figures made public by the Treasury Department, said Mr. Durham, place \$4,500,000,000 as the minimum cost of the bonus, including principal and interest. The minimum cost of administration is estimated at \$1,000,000,000, making the total minimum cost \$5,500,000,000, which must be paid by the public in addition to other public debts—municipal, county, state and national.

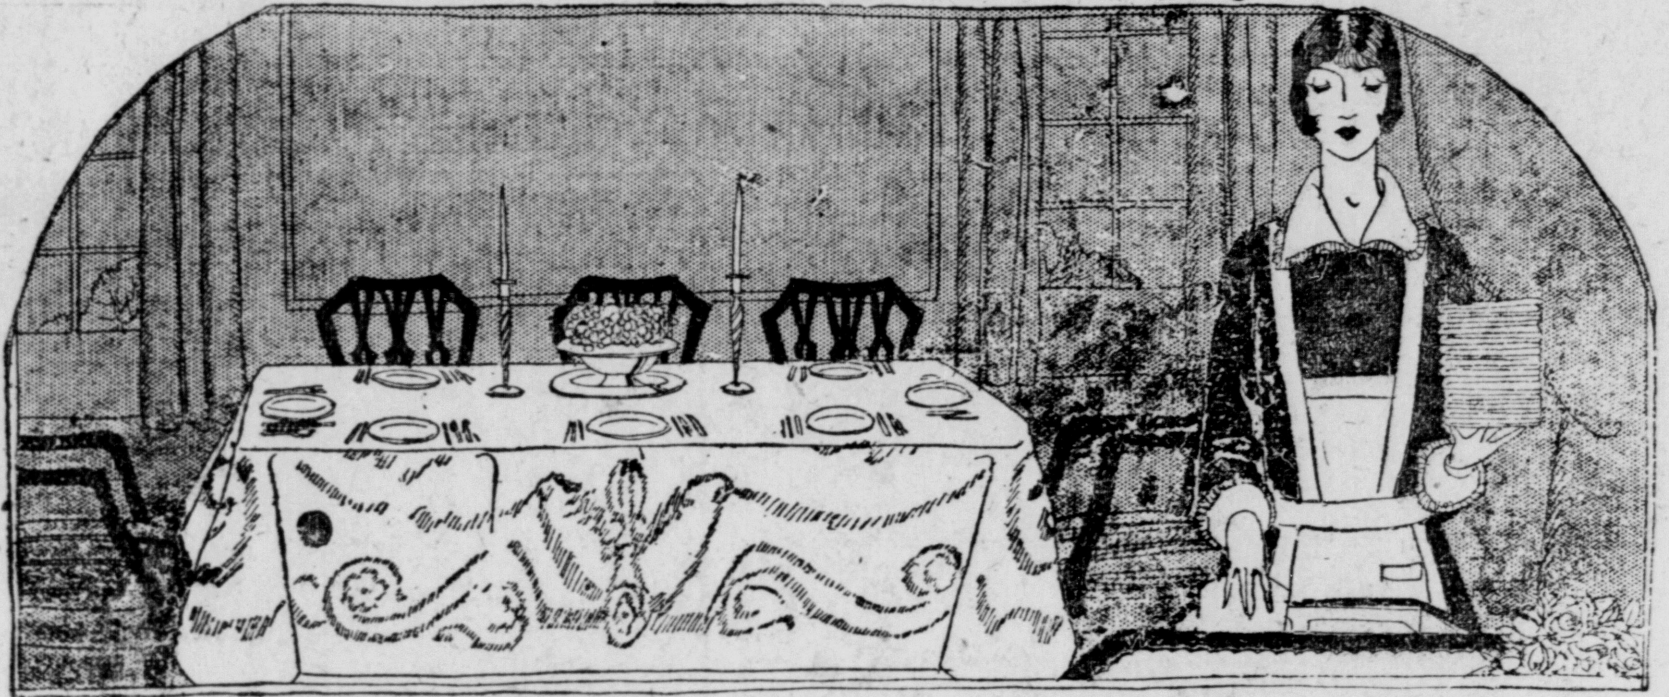

While Federal taxation is not levied upon a per capita basis, per capita figures, says Mr. Durham, are illuminating. Basing his statement upon the official estimates, Mr. Durham points out that the minimum per capita cost of the bonus principal, interest and administration—would be .51 or \$51,000, for every 1,000 population. On this basis, the cost of the bonus to the various counties in the Sixth Congressional District would be:

COUNTY	COST
Fayette	\$ 867,000
Franklin	714,000
Hancock	867,000
Henry	1,734,000
Rush	969,000
Shelby	1,275,000
Union	306,000
Wayne	2,448,000

Total \$9,333,000
Figuring the cost of improved dirt roads at \$15,000 per mile, \$9,333,000 represents 622.2 miles of highway. Or, figuring in terms of permanent improved roads at \$40,000 per mile, \$9,333,000 represents 233.325 miles of permanent highway.

However, says Mr. Durham, in his letter to Congressman Elliott, the economic argument is not the conclusive one.

"The Ex-Service Men's Anti-Bonus League," he says, differs fundamentally with those who seek a Government dole. It is held in justification

SALE of LINENS

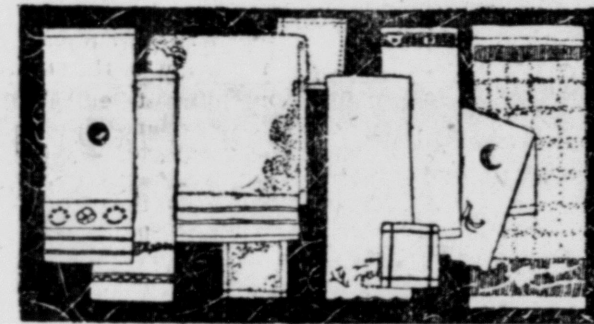

You probably have postponed replenishing your supply of linens for the last few years because of price. See Our Window and Store Display of Linens

Said the Mirror to the Calendar:

"So you think people figure ages by you? Don't make me laugh so hard—I might crack myself. Listen, boy—when Methuselah was 900 years old, the nicest thing you could say to him was that he didn't look a day over 750. No man or woman before or since was ever too busy to find time for reflection when he saw me. It isn't what the calendar says that counts—it's what I say."

Washday worries bring washday wrinkles. Our "Rough Dry" service not only does careful and reliable work at a moderate cost, but it gives you more time to be young in. Ask your mirror—it knows.

If You Have the Washing, We Have the Machine
Rushville Laundry

These two hats offer a pleasing change from the cloche which is almost always with us. One is of plaid silk with rolling brim and a big bow. The other is a turban shape of black satin with a draped crown and a wide trim at the back.

of the adjusted compensation plea that the Government is obligated by some sort of an implied contract to compensate the ex-service men for service rendered. This view presents the ex soldier as a man who, when the call came, did not immediately respond, but stood up in his place and bargained for a wage. This was not the disposition shown in 1917. There was not one single soldier out of the approximately four million inducted into the service who asked a contract indemnifying him against economic loss. The men of 1917 did not question the condition of service. They recognized the need and they stepped forward into the ranks, not as hirelings but as men who had consecrated their efforts and, if necessary their lives to the service of their country.

"It is this picture of splendid service that those who stand for bonus legislation would obliterate. It is proposed to bespatter with the mud of greed the most precious memory of our nation in all the days of its history."

"And it is against this disposition to reduce the service rendered by the soldier to the level of the service rendered by the man who digs a ditch for a wage that the members of the Anti-Bonus League emphatically protest.

"The League holds that a memory of splendid service constitutes the most precious possession of a nation and it is that possession that it is pledged to protect.

"This memory is one that I believe sons of chivalrous Indiana will regard as a precious heritage that cannot be purchased by a bonus.

"The purpose of the League," concludes Mr. Durham, "is to give every ex service man who does not believe in pay for patriotism an opportunity to place himself on record definitely to that effect, through an organization whose sole purpose it is to reg-

ister soldier sentiment upon what is essentially a patriotic issue."

Former Rushville Girl Has Part in Picture Here

Miss Carmelita Geraghty, daughter of Mr. and Mrs. Tom J. Geraghty of Hollywood, California, formerly of this city, has a part in "Jealous Husbands," the motion picture which opened at the Princess theatre Monday night, and will be shown again tonight. A number of people recognized her in the picture Monday night.

Mrs. William Crawford was a visitor in Greensburg Monday.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made an astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton N. Y. for a sample bottle. When writing be sure and mention this paper.

Kellogg's Bran did more in two weeks than medicine taken in 20 years

Out of regard for your own health, read this letter:

Gentlemen:
Your "Krumbled Bran," used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in last twenty years for constipation. It is wonderful, and it is so simple.

Yours truly,
Arlington H. Carman,
Patchogue, N. Y.

Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.

Kellogg's Bran STIMULATES the

intestines. It cleans, sweeps and purifies them. It acts exactly as nature acts. And it is never necessary to increase the amount eaten. If eaten regularly, Kellogg's Bran is guaranteed to bring permanent relief to the most chronic cases of constipation, or your grocer returns your money. For Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. That is why doctors recommend Kellogg's.

The wonderful, nut-like flavor of Kellogg's Bran is exclusive. It is delicious—totally unlike ordinary bran. Eat two tablespoonfuls daily—in chronic cases, with every meal. Eat it with milk or cream and in the recipes on every package. Kellogg's Bran, cooked and krumbled, is made in Battle Creek. Sold by all grocers.

THE OLD HOME TOWN By Stanley

MOVIES

"Jealous Husbands"

The manner in which unfounded suspicions can wreck homes and destroy happiness is vividly shown in "Jealous Husbands," a First National picture directed by Maurice Tourneur and produced by M. C. Levee, which is showing at the Princess theatre today.

The husband in this case was unusually suspicious of his wife and kept a strict watch on her every action. One day he discovered a batch of unaddressed letters in her purse, and their contents were of such an incriminating nature that in rage he paid a band of Gypsies to kidnap his son, and drove his wife from their home.

In later years he learned that the letters had been sent to his own sister, who had fallen into the clutches of an unscrupulous suitor. When the man tried to make amends his son had been swallowed up in some manner, but the Gypsies pawned off the son of the gutter on him as his off-spring.

How matters were righted makes capital entertainment, and the picture has been hailed as one of the finest of the year. The role of the husband is portrayed by Earle Williams, the remainder of the cast consisting of Ben Alexander, Jane Novak, Bull Montana, George Siegmann, J. Gunnis Davis, Emily Fitzroy and Don Marion.

"Isle of Conquest," Castle

In "The Isle of Conquest," the Norma Talmadge Revival which opened at the Castle theatre last night for a two day engagement, Norma Talmadge has one of the strongest roles of her career.

The story tells of Ethel Harmon (Miss Talmadge), who is unhappily wedded to a man whom she despises. Shipwrecked, she is cast upon a desert island with a single male companion—formerly a stoker on her husband's yacht—and while there learns true love and happiness.

Their vicissitudes, both during their stay on the island and after they have been rescued, and the way that happiness ultimately comes to them makes a fast moving story, interesting and absorbing. Miss Talmadge's supporting cast includes Wyndham Standing, Natalie Talmadge, Charles Gerard, Hedda Hopper, Clarie Whitney, Gareth Hughes and Joe Smiley.

"The Isle of Conquest" was a-

S.S.S. stops Rheumatism

"MY Rheumatism is all gone. I feel a wonderful glory again in the free motion I used to have when my days were younger. I can thank S.S.S. for it all! Do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. S.S.S. is waiting to help you. When you increase the number of your red-blood-cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them." S.S.S. is the great blood-cleanser, blood-builder, system strengthener, and nerve invigorator.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. The World's Best Blood Medicine

Howdy!

Sir Esme Howard (above) is the new British ambassador to U. S. He is shown on arrival at New York.

dapted to the screen from "By Right of Conquest," the famous novel of Arthur Hoenblow. John Emerson and Anita Loos handled the adaptation. Edward Jose handled the direction.

"Just Off Broadway."

John Gilbert, in "Just Off Broadway," his latest starring vehicle, will close a two day run at the Mystic theatre tonight. This picture, conceived by Frederick and Fanny Hatton, is one of the most absorbing dramas of international crooks and the secret service, which has come to the screen this season.

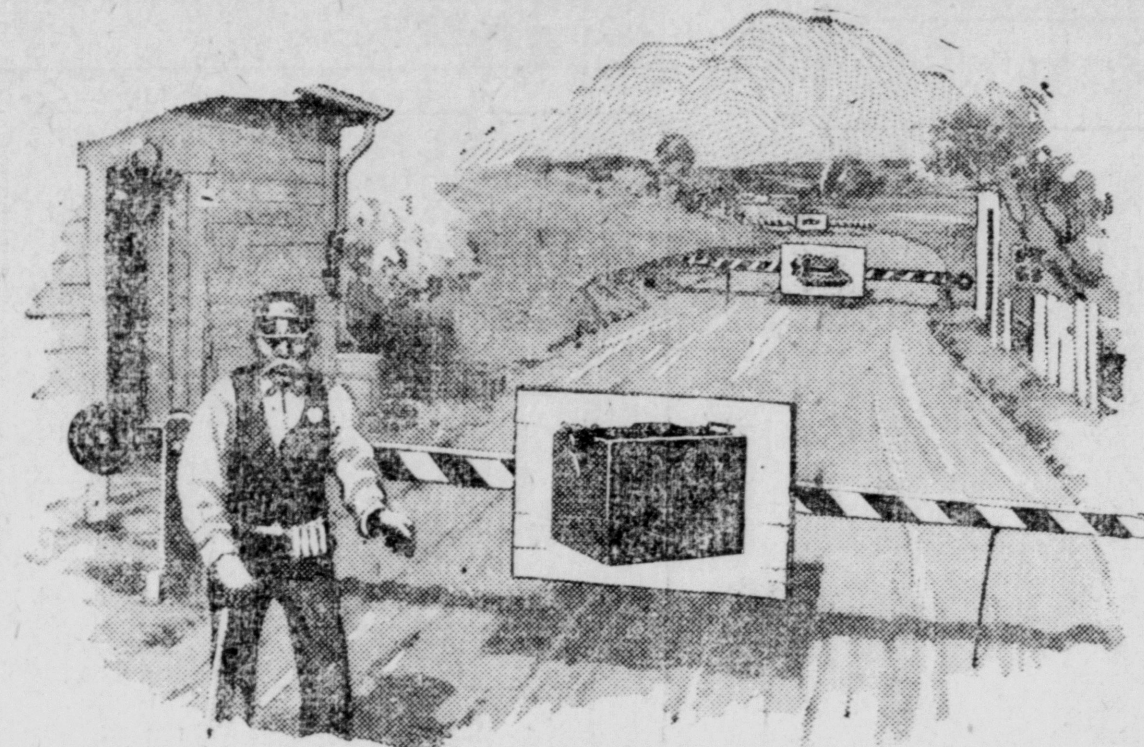

Gilbert, as Stephen Moore, a mysterious associate of the members of a band of world-wide counterfeiters, portrays a character which gives him ample opportunity to act. He is as romantic and handsome as ever and as a lover he proved as intrepid as he is fearless in the role of a secret service agent. Marian Nixon, an attractive little brunette, shows that she has dramatic ability, too. Others in the cast are Trilby Clark, Ben Hendricks, Jr. and Pierre Gendron.

Edmund Mortimer is the director. He has produced a thrilling, intense picture, set in the colorful haunts of Paris, Deauville and Broadway, which scores a well deserved success.

Keiths Bill This Week

England and France contribute the headliner and second feature of the vaudeville bill at B. F. Keith's in Indianapolis this week. Wilkie, Bard the famous English comedian, tops the bill with George Dufranne, the distinguished tenor, second in importance.

Wilkie Bard is known as England's funniest character comedian. He offers a group of comedy characterization which include "The Night Watchman," "The Scrubwoman," and "Chrysanthemums." Georges Dufranne, who is making his vaudeville debut, offers an unusually wide repertory of operatic selections including bits from "Mignon," "Faust" and "Carmen." Mr. Dufranne is assisted at the piano by Carl Stetzel. Ted Lorraine and Jack Minto with Mlle. Andre, premier dancer give a miniature revue which is an adaptation from "Moth and Flames" and made up of terpsichorean efforts and song offered in an elaborate stage setting. Maude Powers and Vernon Wallace have a pretty song and dance skit dealing with the old south called "Georgia On Broadway," Arthur Mo Watters and Grace Tyson entitled "There is Nothing New Beneath The Sun." Bob Snell and Ernestine Vernon have

Where Hard Starting Gas Takes Its First Toll

ALL along its crooked road, poor motor fuel mulcts the luckless car owner of toll after toll of costly damage—and about the first place it shows is the battery!

Lighting through the longer evenings, with reduced daylight replenishment, naturally pulls down the electrical reserve. When a few tough struggles with a balky motor are piled on top of this, the faithful old battery comes in for a strain from which it never quite recovers. Repeated strains and forced charging deteriorates it rapidly. Constant helpouts with the crank only delay premature replacement.

And all this trouble and cost results simply from the use of soggy, kerosenish motor fuel—slow, stubborn, sometimes almost impossible to start—and equally unsatisfactory in its running.

Silver Flash Gasoline

—asks no toll of battery or motor. It starts readily because it is a true explosive, quick to be set off at the first spark without artificial aid. Every cubic inch of its bulk is a full power unit, unpadded and returning value received in delivered horsepower. It has no gaps or dead spots to retard its complete smoothness of explosive stroke, and no kerosene or free carbon ambushing down the road with another costly toll.

CIRCLEVILLE MAN DIES AFTER FALL

Charles E. Hall, 66, Never Regains
Consciousness, Falling From Roof
in Fighting Fire

DIED AT 8:25 LAST NIGHT

Risked His Life in Saving His Own
Home While The Home of Michael
McDonald Burned

Charles E. Hall age 66 years, who fell from the roof of his home in Circleville Monday afternoon, while attempting to prevent his house from catching fire from the burning home of Michael McDonald, never regained consciousness, and died at 8:25 last night.

Besides having a broken collar bone, he suffered a fracture at the base of his skull, and which caused the fatal shock. When he fell from the roof, he fell on his head and shoulders, and was removed into his home, where physicians attempted to save his life.

The deceased was a carpenter by trade, and was a native of Illinois, but had lived here practically all of his life. He had lived in Circleville for about twenty years.

He is survived by his widow and a son Walter Hall of Shelbyville. The son married Miss Ruth McDonald, daughter of Mr. and Mrs. McDonald, whose home was burned, and which caused the affair to be a double misfortune in the family.

Besides these relatives, he also is survived by four sisters and one brother, who are Mrs. Mattie Leak of Indianapolis, Mrs. Florence Flohr of Shelbyville, Mrs. Frank Windler and Miss Mary Hall of Morristown, and Frank Hall of this city.

Funeral services will be held Wednesday afternoon at 2:30 o'clock at the late home in Circleville, in charge of the Rev. W. H. Hargett, and burial will be made in East Hill cemetery.

The loss from fire at the home of Michael McDonald was total for the large two story dwelling, and was estimated at \$3,500, of which \$2,500 was covered by insurance. Most of the household goods were removed from the burning home, excepting furniture in some of the upstairs rooms.

Mr. McDonald carried \$500 insurance on his household goods, which will cover that portion of the loss. The origin of the fire is not known, unless it was caused from the flue or defective wiring. It broke out through the roof, and made rapid headway, being fanned by a stiff breeze from the south.

The homes of Mr. Hall and Robert Ellman, were located directly across the street from the home that burned, and the wind sent the flying embers onto the roofs of these two homes.

The fire had gained a big start before it was extinguished.

AWARDED \$5,390 AS CLAIM AGAINST ESTATE

Mary Marshall Wins Judgment Against
Estate of Sanford Marshall
—Ruling in Paternity Case

NOTE SUIT IS DISMISSED

In the paternity case of the State, ex rel Bertha Whitman against Elmer Grist, which was heard by a jury in the circuit court last week, and in which the plaintiff was given judgment, Judge Sparks has assessed the amount at \$500, which is to be paid in installments as set out in the decree. The parties are residents of Jackson township, Fayette county, and the case was venued here from that county.

In court today the evidence was heard in the case of Mary Marshall against the estate of Sanford Marshall, a suit on a claim, and the plaintiff was awarded her demand for \$5,390 and costs.

Another claim was heard today in which Oneal Brothers were given judgment amounting to \$437.51 and costs against the estate of P. A. Miller, of which Lena Miller is the administrator.

The suit on a note, filed by John B. Morris against John T. Cassidy, et al., has been dismissed in court by the plaintiff.

GRAND JURY TO CONVE

Will Take up Investigations Follow-
Indiana State Library

The grand jury has been called in to session Wednesday it was announced today, and it is understood that several matters will be taken up, following a recess of a couple of weeks.

The grand jury was in session a few weeks ago investigating the facts in the murder of Luther C. Sharp, and which resulted in the indictment against Cecil Clond, charged with first degree murder.

Several witnesses were being summoned today before the grand jury, and the session may require several days before a report is made.

INTIMIDATION IN PROBE IS ALLEGED

Powerful Influences Reported to be
at Work Endeavoring to "Hush up"
Witnesses

IN DAUGHERTY INVESTIGATION

Plot to Discredit Senator Thomas J.
Walsh, Who Opened up Oil Scandal,
is Revealed

(By United Press)

Miami, Fla., March 4—Attorney General Daugherty today branded without any foundation of fact a rumor circulated yesterday that he was sending a statement to President Coolidge that might be regarded as important. He said he was making no statements and sending none to anyone.

Washington, March 4—Powerful influences are already at work seeking to intimidate and "hush up" prospective witnesses in the senate investigation of Attorney General Daugherty's administration of the department of justice, it was disclosed here today.

At the same time, a plot to discredit Senator Thomas J. Walsh, who opened up the oil scandal, was revealed.

Scores of investigators have been digging up every detail of Walsh's past life and have been prying into the affairs of members of his family. Walsh's friends see in this a plan to discredit him so as to force him to drop the oil investigation or to destroy the weight of his disclosures.

Senator Burton K. Wheeler of Montana, in whose hands the direction of the Daugherty inquiry has been placed by the investigating committee, today made known the efforts to hush up witnesses in that investigation when he announced that from now every move of the committee would be veiled in deepest secrecy.

"We know already that efforts have been made to hush up certain witnesses," Wheeler said. "I am fearful that efforts will be made to keep them from testifying. Because of this, the committee cannot reveal any of the leads on which it is working, nor make public the names of witnesses if has subpoenaed."

Wheeler made known that certain witnesses called by the senate oil committee, today made known the efforts of justice matters had likewise had pressure put on them to keep them from testifying.

Wheeler today was hard at work with a legal assistant shifting the mass of material in the committee's possession. The committee appointed today.

WEAKLEY BAKERY IS SOLD

W. E. Hilburt of Fort Wayne Takes
Possession of Local Business

W. E. Hilburt of Fort Wayne has purchased the W. W. Weakley bakery, it was announced today, and took charge of the business today. The transaction included the building in which the bakery is located, near the C. I. & W. depot, and the ground on which it is located.

It is said that the consideration was \$10,000. Mr. Weakley has been in the bakery business here for the past thirteen years and has built up a large trade.

HER DARLING

BURNS FURNISHED CODE TO M'LEAN

Head of Bureau of Investigation in
Department of Justice Says He
Was Agent of Department

OIL INQUIRY TESTIMONY

Burns Admits Code Used in Com-
municating With McLean is Not
Obsolete, but is Now in Use

(By United Press)

Washington, March 4—Mrs. Jessie Duckstein, wife of E. B. McLean's private secretary, today told the Walsh investigating committee that William J. Burns, furnished her with the justice department code, which was used in transmitting telegrams to McLean in Palm Beach.

Mrs. Duckstein said she is a special agent of the department of justice.

Burns, founder of the detective agency bearing his name, and now head of the bureau of investigation of the department of justice, took the stand shortly before noon.

He testified McLean was appointed an agent of the department of justice "sometime in this administration."

Burns said he asked Mrs. Duckstein to inform her husband of McLean's connection with the department, which was being investigated.

He said he thought McLean might wish to resign, rather than have disclosure of his connection "embarrassing the attorney general."

Burns admitted that the code used in communication with McLean is not obsolete. It is still in use, by the department.

Secret intrigues to keep E. B. McLean off the witness stand in the oil inquiry will have a further airing today before the senate oil committee.

The committee got one step nearer the full inside story of the purpose of these intrigues when it called Wm. J. Burns, head of the department of justice secret service to explain how McLean got possession of a code formerly used by justice agents. Burns also was to be asked whether he sent word to McLean at Palm Beach that he was being investigated by the department.

The committee is interested in McLean's code messages and his unusual efforts to avoid testifying because it believes this indicates that he knew more about the oil scandal than he has told. McLean himself will be put on the stand later in the week.

CARTHAGE MEN ARRESTED TO TRAVEL WITH OFFICIAL PARTY

First Results of Crusade Against
Selling Tobacco to Minors

MAY IMPROVE ROAD WITH GAS TAX FUNDS

Commissioners Agree to View Mile of
Highway in Anderson Township
When Petition is Filed

ACTION ON ANOTHER ROAD

The first results of the crusade against dealers selling tobacco to minors, were made today, when two Carthage business men appeared before Justice Stech and entered a plea of guilty to the charge of selling cigarettes.

The men were Forrest Kennedy and Russell Phelps, and each was fined \$10 and costs, amounting in all to \$17.75.

It was stated a few days ago that a campaign was being launched in Rush County against the violation of the tobacco law, and it is understood that there are several more affidavits to be filed soon.

The regional meetings will be the occasion for seventy-five thousand members of the lodge in Indiana to pay tribute to the order's most sacred relic—the Rathbone Bible—preserved in the Pythian archives, which was the gift of Justus H. Rathbone, founder of the order, by his mother, and was used by him when he obligated the original thirteen men forming the first lodge in Washington, D. C., on Feb. 19, 1864.

The book is in the custody of Harry M. Love, supreme keeper of records and seal, Minneapolis, Minn., who will administer the obligation in the rank of page to the large classes being formed by Indiana Pythian leaders.

One hundred and twelve lodges located in nineteen counties surrounding Indianapolis will be represented in the convention to be held in Indianapolis, March 12, when it is planned to confer the page rank on a class of 1,000 candidates at the Athenaeum. Other conventions to be held during the week are Lafayette, March 10; Bedford, March 11; Marion, March 13 and Mishawaka, March 14. Committees in charge of the campaign according to reports made to Carl R. Mitchell, grand keeper of records and seal of the Indiana grand lodge, indicates that approximately 5,000 candidates will be obliged, using the Rathbone Bible.

Rush county is among the nineteen which will join in the Indianapolis regional meeting and George W. Coons of this city and Hubert Innis of Milroy have been selected as the representatives of the two lodges in this county on the reception committee.

INSERT K. OF P.
The Rushville lodge will have a class of at least fifteen candidates, Continued on Page Two

FOR APPENDICITIS
Mrs. Charles Pettis underwent an operation for appendicitis at the Dr. Frank H. Green hospital today.

MRS. J. B. GREEN SUCCEUMS

Former Milroy Woman, Mother Of
George E. Green, is Dead

Word has been received here of the death of Mrs. J. B. Green, which occurred this morning at 3:45 o'clock at the home of her daughter, Mrs. Alice Sharp of Richmond, Ind. The deceased was 85 years of age and was a former resident of Milroy. She had been ill for quite a while, death being caused by a complication of diseases.

Mrs. Green left Milroy a few years ago to make her home with her daughter in Richmond, having lived practically all her life in the Milroy vicinity. She was the mother of George E. Green of this city. No word was received as to the time and place of the funeral, but it is believed that the burial services will be held at the Milroy cemetery.

TELLS STORY OF GOLDEN RULE NASH

Mrs. Mary Cornell Stoiber of Cin-
cinnati Speaks to Joint Meeting
of Rotary and Kiwanis Clubs

GOLDEN RULE IN BUSINESS

Remarkable Growth of Factory That
Has Applied Christ's Message is
Explained by Speaker

Mrs. Mary Cornell Stoiber of Cincinnati told the story of the remarkable rise of "Golden Rule" Nash of Cincinnati, manufacturer of made to measure suits for men, before a joint meeting of the Kiwanis and Rotary clubs today noon at the Social Club.

Born in Indiana, he was reared as a Seven Day Adventist, educated to be a minister of his church, tried for heresy and cast out of the church, and finally, after working as a day laborer and living in poverty, he succeeded in business in a small way in Columbus, O. His savings were wiped out by the flood in 1913 and he finally became established in his present business in Cincinnati in 1916.

At that time he employed 29 people in the smallest made-to-measure clothing factory in Cincinnati, and eight years later he has the largest factory of its kind in the world.

Practice of the golden rule is his relations with his employers is the basis of his success, Mrs. Stoiber said.

The speaker said that Mr. Nash was asked one day if all of his employees were Christian. He responded that they were, meaning Jews, Catholics, adventists and protestants.

"I mean," he was quoted as saying, "that all who apply the teachings of the Nazarene in their daily life and business are Christians."

Nash started with a capital of \$60,000 in 1916, Mrs. Stoiber said, and operated at a loss of \$4,000 the first year. During the winter of 1917 and 1918, he bought an old factory in Cincinnati, found it was a typical "sweat shop" where low wages prevailed and was discouraged.

He announced that he would raise wages materially, but fearing that he would fail by applying the golden rule to business, he left Cincinnati in search of a farm for a home. He returned to find that his factory was turning out three times as much business. Wages had averaged from \$4 to \$18 a week and he had raised them from 50 to 100 percent.

From that time on the business made remarkable gains until now there are 4,060 workers in the main

DUE TO CHILDREN'S QUARREL

Fight Between Neighbors in Indianapolis Results Fatally

Indianapolis, Ind., March 4—James Bush died today of wounds received Saturday in a cutting fray with his next door neighbor, George Chadwick, 37.

Chadwick is in a serious condition with a deep gash across the throat and several slashes on the face. The two men took up a quarrel started by their two children, and they fought until they were forced to quit by the lack of blood.

REVIEWS CENTURY OF CHRISTIANITY

Dr. H. H. Halley Recites First and
Last Part of Book of Acts Monday
Evening

TAKES UP EPISTLES TONIGHT

Bible Reader Makes Earnest Appeal
For Regular Church Attendance
And Bible Reading

A splendid presentation of the first century of the Christian religion was given Monday evening by the Dr. H. H. Halley, when he recited the first part and the last part of the Book of Acts, at the First United Presbyterian church. The interest is still growing in the series of meetings and the church last night was filled with people, who wanted to hear the Bible reader.

Tonight Dr. Halley will begin a series of readings on the epistles. The meetings will be held in the St. Paul's Methodist church after tonight, closing Friday night with the book of Revelations. He will give three main epistles, giving First Corinthians tonight, Romans, Wednesday night, and Hebrews Thursday night.

In a short preliminary talk, before beginning an explanation of the Book of Acts, Dr. Halley made an appeal to all people to become Christians. He stated, however, that these meetings were not revival services, but if his reciting of the books of the Bible, would appeal to someone, and make them want to acknowledge Jesus as their friend, he would feel that his work was well done.

"I would love to see everyone resolve down in your heart, to make it a habit of your life to always go to church and Sunday school and read the Bible. If you do these things, everything else will come around all right. It is glorious to be a Christian and I cannot think of myself not being one. I would hate to go through life and death and face what is beyond without feeling He is my friend."

In his explanation of the Book of Acts, Dr. Halley stated that he did not think that was the proper name for it, but that he was going to call it "The Founding of the Church". It is the extension of the gospel to the Gentiles. God prepared to do something for the nations. The Gentiles were the main race, other than the Jews. He planned to unite all nations and in this book the redeeming of the nations began.

"It gives an account of the household of God widening out from being a national affair to an international affair—a cosmopolitan institution," Dr. Halley explained. "The fact that the household of God was to become universal, brought its problems."

"The Jews thought they were God's chosen people and they were different from all others, and the problem that Jesus had to contend with was to break down the wall of exclusiveness the Jews thought was built around them. This brought about the gradual

STATE FINANCE BOARD BORROWS HALF MILLION

Loan Made From State Highway
Fund After Auto License Fees
Are Transferred

STATE DEBT OVER \$4,000,000

Indianapolis, Ind., March 4—One million dollars was transferred today from the automobile license fee fund held by the secretary of the state to the state highway fund.

The money due April 1 was advanced by request to the state board of finance. The finance board in turn borrowed \$500,000 of this money and transferred it to the general fund.

The board meeting late yesterday took no action on a request of John D. Williams, director of the state highway commission, for a certificate of indebtedness for \$360,333, representing inheritance taxes, accumulated since July 1.

The total indebtedness of the general fund, should Williams request be granted, will be \$4,390,000, members of the finance board said.

CORN SELLS FOR 88 CENTS

Good Prices Prevail At William Miller Farm Auction Monday

Corn brought eighty-six cents a bushel and other farm products, live stock and implements sold for good prices at the William Miller sale, on the Rebecca Hinchman farm, north-east of Rushville, Monday.

The proceeds of the sale amounted to almost \$2,000. Horses sold as high as \$176 a head and sheep were knocked off at \$14 a head. Alfalfa hay sold for \$25 a ton and farming implements went at good prices. The bidding was very spirited and most of the articles sold for cash. Clea Miller was the auctioneer.

REMOVED TO THEIR HOMES

Mrs. Raymond Kelso of Clarksville and Miss Lucille Brown of this city have been removed to their homes from the Dr. Frank H. Green hospital, where they underwent operations for appendicitis several days ago.

New Officers

Lieut. Com. Bruce G. Leighton (left) newly appointed engineer officer of the Shenandoah and Lieut. Com. Zachary Lansdowne, who succeeds Commander McCrary, are shown photographed at Navy Department in Washington.

BURNS FURNISHED CODE TO McLEAN

Continued from Page One
and will be asked point blank why he tried so hard to keep out of the inquiry. All he has told about so far is a "loan" of \$100,000 to Albert B. Fall, in the form of checks, which both McLean and Fall said, were never cashed. If that was McLean's only part in the matter he hardly would have expended such efforts to keep from telling about it, senators believe.

They do not disguise the fact that they do not completely believe the story of the \$100,000 loan. Furthermore, information has been given committee members indicating that Fall did not use the \$100,000 given him by Doheny to buy the New Mexico ranch where he now lives. They went to see if McLean can throw some further light on this.

TO PROBE SHIPPING BOARD

Washington, March 4—Investigation of the United States shipping board, was ordered today by the house. The resolution by Representative Davis, Tennessee, for an inquiry into all the activities of the board, was adopted with only one dissenting vote, Representative Blanton, Texas, opposing it. The Texas said the authority granted was too broad.

Fame

Professor Albert Sauveur (above) of Harvard University has been presented with the Bessemer gold medal by the British Iron and Steel Institute, in recognition of service in advancement of metallurgy. He is the first American so honored in 25 years.

U.S. MARINES ARE WOUNDED

Fighting in Honduras Results in Burning of City of Ceiba

Washington, March 4—Several American marines have been wounded in Honduras and more than nine square blocks of the city of Ceiba are in ruins, according to a report here today.

The report, while unconfirmed by the state department was said to have been received by the navy department.

Burning of Ceiba was said to be the last move of government troops before abandoning the city.

The battle between government forces and the army of General Ferraz is said to have been in progress before Tegucigalpa. American marines may be sent to Tegucigalpa, Honduran capital, to protect American interests, it was indicated today.

TO TRAVEL WITH OFFICE PARTY

Continued from Page One
it was estimated today, for the regional initiation in Indianapolis. Other lodges from the nineteen counties will send candidates to make up the class which will be initiated.

The lesson of friendship for the Indianapolis class will be given by the dramatic team from the lodge at Wilkinson. This team is said to be one of the most perfect in the state and has a large amount of scenery and equipment with which to produce scenic efforts. All of the grand lodge officers will attend the Indianapolis meeting and besides Supreme Keeper of Records and Seal Love, the supreme lodge will be represented by the attendance of Supreme Chancellor George C. Cabell of Norfolk, Va. At other big state meetings in the ritual work will be given by teams selected on account of their efficiency in rendering the ceremony.

The insurance department of the order, through President Harry Wade, will present a large silk flag to the lodge in each district which obtains the largest number of candidates. The department will be represented at each meeting by President Wade, who will make the flag presentations. A number of the grand lodge officers, including Elmer Bassett, grand chancellor, Shelbyville; Dore B. Irwin, grand vice chancellor, Decatur; Mr. Mitchell, grand keeper of records and seal; Samuel L. Trabue, grand outer guard, Rushville, and Henry Krummer, grand master of exchequer, Logansport, will accompany Mr. Love and the Rathbone Bible on the state itinerary.

The meeting in Indianapolis will attract several thousand members and in the afternoon of the initiation a reception will be held in the parlors and auditorium of the Indiana Pythian Building for Mr. Love and the candidates.

Harrison Mansion Closed

According to an announcement received here it has been necessary to close the Harrison Mansion at Vincennes, Ind., for an indefinite period, probably two or three weeks, so that interior repairs and restoration may go forward as fast as possible. The public here will be notified when it is open. The announcement was sent here to inform the tourists so that they may plan to come to Vincennes at a time when they may have the pleasure of a visit to the Harrison mansion. The announcement was sent out by the Harrison House committee.

Why the L. C. Smith Cuts Better Stencils

The cutting of stencils for duplicating machines is a precise and difficult operation.

There are several reasons why the best results are obtained on an L. C. Smith & Bros. typewriter.

The carriage is rigid and is not

shifted for capital letters. Ball bearing construction throughout eliminates vibration and lost motion.

Equally important is the exclusive feature of interchangeable platens, making it possible for the operator to use a platen of the correct hardness for clear, sharp stencil cutting.

It also allows the operator to clean off all dirt and moisture from the platen, the feed rolls and the metal parts of the paper feed, without the aid of a mechanic.

On machines where the platen is not removable, the surface of the platen soon becomes worn, pitted and uneven, making it impossible to cut a clear stencil.

The L. C. Smith is the ideal machine for stencil cutting. Send for free catalog.

LET THESE COLUMNS BE YOUR GUIDE

Don't Blame the Plow-Boy

If he can't make the old, worn out wobbly plow stick to the hard ground.

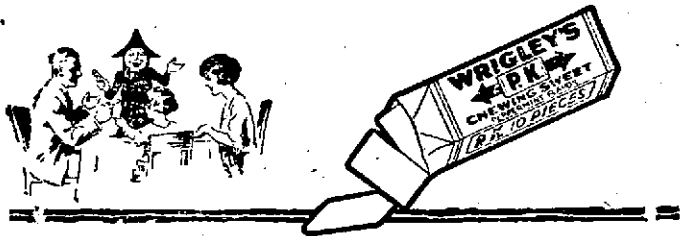

Supply him with an Oliver No. 11 Sulky and you will see a world of difference in his plowing.

You will not find places here and there where the plow has raised entirely out of the ground because it struck a hard spot, nor will you find places where the mould board pushed the furrow slice to one side instead of turning it completely over, simply because it failed to scour.

Light draft, ease of operation and perfect scouring qualities make the No. 11 sulky an easy winner in the field.

REVIEWS CENTURY OF CHRISTIANITY

Continued from Page One
revelation of all people. He could not do this all at one time, however, but took it step by step. The Jews believed that when their Messiah came, they were becoming rulers of the world.

"When Christ came He was faced with the task of convincing His disciples, that He was the Messiah. They were obsessed with the idea that Jerusalem would rule the world and that He would enforce the law of Moses on all the world. He at first let them think that, but gradually He convinced them to the new ideas of the Kingdom, which would be changed. Then the Jews did not think that he was their great Messiah, but when He arose from the dead and they saw Him with their own eyes, proved beyond a doubt He was the great Messiah. Still they had the wrong idea of the real work He was going to do.

"It did not enter into their minds that the Gentiles could become Christians without first becoming Jews, and this was when the trouble began. Much prejudice and bitterness arose between the Gentiles and the Jews. The Jews had their aspirations of ruling over all the world and that Jerusalem would be the center for great pilgrimages. When they saw the Gentiles coming into the church, they could not understand it, and hatred existed.

"They thought Paul, when he went out to spread the teachings of God over all the world, was a traitor to the Jewish aspirations. Paul wanted to establish unity between the Gentile and Jewish people not theologically, but he wished to fellowship with them."

Dr. Halley stated that he believed Paul's journey to Jerusalem was the most beautiful story in the Bible. He underwent much hardship and suffered, in order to prove to the Jews that the Gentiles were God's people as well as themselves.

The reader recited this part of the Book of Acts in a beautiful way, and was a splendid close to his presentation of the beginning of the Christian religion.

INTIMIDATION IN PROBE IS ALLEGED

him as a sub-committee to draft a program of procedure choose the matters to be investigated and set the date for the opening hearing.

At a private meeting of the committee today, Wheeler will make his first report and it is understood, ask for the issuance of the first batch of subpoenas. The first public hearing will be held late this week or the first of next week.

RUM RUNNERS CONVICTED

Indianapolis, Ind., March 4—Convicted of rum running, Ben Doncaster, Cincinnati, and George Morgan, St. Louis, today faced a sentence of one to two years in the state prison.

FIRE LOSS OF \$12,000

Davis Brothers Garage in Connersville Damaged After Explosion

Connersville, Ind., March 4—The fire which destroyed the Davis Brothers' garage in Connersville today at noon, at first threatened the entire business block, where the garage was located, on Fourth street, back of the court house. It was estimated that the loss would reach \$12,000.

It is thought that the fire started in the blacksmith shop in the back part of the garage, when a hot steel spark fell in a pool of gasoline on the floor, causing an explosion, and making the fire spread rapidly. After fighting the blaze for about a half hour, firemen had it under control.

Scout Notes

Troop No. 3 feels that they have the honor of having more second class tests passed than any other in the city. One boy in this troop has passed at least five of the requirements.

Troop No. 1 of Milroy has sixteen Second Class Scouts in the troop. Mr. Merrell has been asked to give the First Class tests there in April.

The aim, you know, is to have every boy in the Rushville Scout organization a Second Class Scout by the middle of March. As this will be practically impossible since so many new boys have joined since it at least sixty.

Troop No. 1 together with Mr. Cotton tried out their mile in twelve minutes on Wednesday evening. Twenty seconds is as close as anyone came to it. Six seconds are allowed either way so the boy who made it as close as twenty seconds is getting good for the first time.

TROOP NO. 3

At our meeting last night four boys passed their compass test and two the signalling. The itinerary of the Turkey Run Camping Trip was explained in detail and pictures of it were shown. At the meeting next Monday night the boys will be allowed to pass any test that they care to.

BURKE DUGLE, Troop Scribe

CIRCLEVILLE MAN DIES AFTER FALL

Continued from Page One
fore the local fire station was called, and when the alarm was received, the pumper and chemical trucks made the run. The home was too far from the river and only chemicals could be used.

After fighting the flames unsuccessfully, the firemen then devoted their attention to the two homes across the street, and it was by hard work that these two homes were saved, as they were on fire in many places.

Mr. Hall was assisting in carrying water and aiding the firemen, when he fell from the roof at the rear of his home.

Circleville, although not a part of Rushville, has frequently talked of being annexed, which would in such a case give them fire protection. The city furnishes them with electricity, and the suburb has many fine residences and buildings scattered over a wide area, and is without any protection. They have had several fires.

The McDonald home that burned was formerly owned and occupied by Frank Windler, and at the rear of this place a greenhouse was burned several years ago. Mr. Windler moved a few years ago to Morris-town.

TO FIGHT BOARD ACTION

Noblesville, Ind., March 4—Members of the Hamilton county farm bureau today were planning an active campaign to make the county board of education reconsider their action in abolishing the position of county agent here. If necessary, some members indicated, the farm bureau may consider taking court action.

MURDERER FOUND INSANE

Greenfield, Ind., March 4—Charles J. Schmidt, alleged murderer of August Spiker, a farmer, was to be taken to the state colony for the criminally insane at Michigan City today. Three physicians appointed by Judge Walker to examine Schmidt declared he was insane. He had confessed to authorities that he murdered Spiker and later repudiated the confession.

MAY BE INTERURBAN THIEF

Indianapolis, Ind., March 4—Local detectives believed today that William Ollis arrested in Portsmouth, O., is one of the men who robbed passengers on a Martinsville interurban car near Maywood in January, 1923.

TELLS STORY OF GOLDEN RULE NASH

Continued from Page One
factory and its branches, doing a business in 1923 of \$5,958,538.

"The soul of the workers was aroused," Mrs. Stoiber asserted, "but that is not the effect of the financial success. It is the spirit and unity and cooperation, without any friction, due to the family feeling among all of the employees. The business has risen far above the plane of cut-throat competition.

"Many have asked: What does the worker get out of it? They are paid for what they produce and there are no bonuses. They make their own wages. They are imbued with the spirit of the golden rule and they do not take more than they think they are actually entitled to.

"I was amazed when I attended the first meeting of the workers and found that the conduct of factory was in their hands. Mr. Nash announced that they were making an unjustifiable profit of \$2 a suit. One worker suggested that since there had been some complaint about the lining being used, that they take \$1 of this profit in improving the lining, and divide the other \$1 among the workers. This was finally done.

"The workers do the hiring, there is no firing and there is no time clock. Mr. Nash says that instead of using men and women to make money, we should use money to make men and women."

Mrs. Stoiber told of the rejuvenation of workers through the influence of the factory morale. She related how the gross business of the concern had grown from \$132,190 to almost six million dollars last year.

"Mr. Nash believes," she continued, "that when employees have the same feeling towards the president of the concern they work for as they do for the pastor of their church, there will be no strikes. There is a line between them that places them on the same footing."

BIBLE THOUGHT
—FOR TODAY—

Be kindly affectioned one to another with brotherly love; in honor preferring one another; recompense to no man evil for evil. Provide things honest in the sight of all men. Be not overcome of evil, but overcome evil with good.—Romans 12: 10, 17, 21.

Bureaucracy

A national meeting of educators, made up of public school executives from all parts of the United States, adopted a resolution favoring a department of education in the federal government and the addition of a secretary of education to the president's cabinet.

Though educators may know best how to better the educational system of the country the advisability of adding further departments to the government, already overloaded with bureaus and commission, will be seriously questioned.

Our greatest menace is multiplication and needless extension of government functions and regulations by both state and nation. Of foreign foes our country need have no fears, but it had better beware of the hydra-headed monster, bureaucracy.

Bureaucracy is the cancer worm at the root of our government, federal and state. If it is not blocked in its slow and insidious attack, paternalism will eat its way into the heart of our representative form of

government and chaos will be the result.

There is a disposition at Washington to attack the evil. This is indicated by the demand for an immediate reduction in expenditures and the enactment of the budget system law.

These steps may tend to ward off further encroachments, but the worm is heavily entrenched and it grows on what it eats—taxes—and spreads its power to new places at every opportunity.

Buying Home Products

A thousand women of a certain town established a "butter boycott" and the farmers were immediately aroused. They organized and fired broadside after broadside through the local newspapers.

Eliminate "Old Bossy," the farmer said, and if the housewives decided to eat substitutes, neighboring cities would provide an ample market for their "country butter" trade.

"Hot soda biscuits and Jersey butter—real butter—or hot pancakes and real butter and maple syrup, or home-made bread and real butter. Nothing compounded by chemists can take the place of these," said the embattled farmers.

Suffice to say, the farmers won out, because they were right and they dared to adopt modern methods to place their case squarely before the public.

There is nothing right about a boycott in the first place, and people who do not buy the products of their home community and help it to prosper, scarcely deserve the right to live in it and enjoy the benefits accruing to everyone.

DAN DOBB SAYS

Being too serious is a very serious mistake.

A slight earthquake felt in Alaska was probably caused by some seal hunter's lies.

The well-informed girl doesn't catch a husband as quickly as the well-formed girl.

Closed autos are becoming as popular as closed mouths.

Looking up is an optimistic habit, but in London, an an is suing because his nose hit an awning.

Business is so bad in the United States steel production has increased only 25 percent this year.

A big company is placing on the market a new oil which quiets engines. If successful it should be used by political machines.

The Eskimos are said to be very happy. Well, they don't have to argue about the weather. They know it will be cold.

TO MAKE STATEMENT

Anderson, Ind., March 4—Officials of the Union Traction company indicated today that a statement on the Fortville wreck might be forthcoming as soon as they had completed their study of the report of the state public service commission on the crash.

The Hodge-Podge
By a Paraphraser with a Soul

High fliers are seldom even-deep thinkers.

The spring drive of the automobile dealer is on and the poor pedestrian, who has not yet fallen victim, has retired to the last dugout.

We might be able to enjoy spring if it weren't for the taxes falling due.

Politics makes queer bedfellows—and so does the oil business.

When the oil line to Washington burst, it splashed on a lot of people.

It seems to be the American policy to condemn a man first and then hear what he has to say about it after we have all decided that he's guilty.

Owners of worthless oil stock must be able to figure out now what became of their money.

Anyway, plenty of investigations will make it possible for congressmen to keep from going on record on important public questions before the election.

ASKS RESTRAINING ORDER

FIFTEEN YEARS AGO TODAYFrom Daily Republican
Thursday, March 4, 1909

The Rushville bowling team journeyed to Shelbyville this afternoon via Greensburg, where they will meet the strong Shelbyville five. The local team felt confident of victory and expect to return victorious with a stronger hold on the leading position.

Dan Spivey will leave next Monday for Fort Dodge, Kansas, where he will superintend a farm of four hundred acres for the South College of that city. It is a responsible position and both the institution and Mr. Spivey are to be congratulated on the closing of the contract.

Ike Miller was thrown from the Home Furnishing Company's delivery wagon yesterday and painfully injured. His right shoulder is considerably bruised and mashed up so that he will be unable to work for several days.

The Indianapolis Star today contains the following account of an event in Washington in which Congressman Watson was the central figure: A large crowd assembled in Speaker Cannon's room in the afternoon to witness the presentation to Representative Watson of the silver service and the silver loving cup purchased for him by his Republican colleagues in the lower branch of congress.

The Brownsburg high school basketball team will meet the Rushville high school five on the Graham school gymnasium floor on Friday evening.

The announcement of the marriage of Miss Ethel Green of Richland and James Hall of Milroy that occurred in August was made yesterday. The young couple eloped to Kentucky in August, where they were married. Mr. Hall returned from an extended business trip in Texas yesterday and the secret was made public.

Miss Effie Dailey, Miss Ethel Rogers, and Mrs. B. F. Miller saw "The Red Mill" at the English theatre in Indianapolis.

Rev. and Mrs. T. B. Gary of near Henderson spent Wednesday with Dr. and Mrs. D. D. VanOsdol in West Third street.

Mrs. John M. Bell, who has been dangerously ill at her home in East Sixth street, is reported to be in a very bad condition today.

Attorney John D. McGee was able to be at his office today after a several days' illness with the grip.

Miss Kate Kinney of Lafayette is ill with tonsillitis at the home of her parents, Mr. and Mrs. Dan Kinney in West Tenth street.

TO GIVE TEMPLE DEGREE

The drill team of Rushville commandery No. 49, Knights Templar, has been invited to confer the Temple degree before the Richmond commandery Monday, March 24, and has accepted the invitation. Members of the team and all of the officers of the local commandery will be the guests of Richmond commandery.

MRS. BUSH TELLS OTHER WOMEN

How Pains in Side and Dragging Down Feelings Were Relieved by Lydia E. Pinkham's Vegetable Compound

Massena, N. Y.—"I had terrible pains in both my sides and a dragging-down feeling that affected me so that I could hardly walk, and I got run-down. A friend who had taken Lydia E. Pinkham's Vegetable Compound advised me to try it and I have taken it with the best results. I do my housework and also some outdoor work on the farm. The Vegetable Compound has given me back my health and I can not praise it enough. I am perfectly willing that you should use these facts if my letter will help other women who still suffer."—Mrs. DELBERT BUSH, R. F. D. 1, Massena, N. Y.

The spirit of helpfulness shown in the letters we are constantly publishing is worthy of notice.

These women know by experience what Lydia E. Pinkham's Vegetable Compound will do. Your troubles are the same as theirs. Isn't it reasonable to expect the same results?

If you have pains and a dragging-down feeling and are nervous and irritable, profit by Mrs. Bush's experience and give the Compound a trial.

Getting Ready for Tomorrow

THE average man, busy with his own affairs, has little time to consider the vast amount of anticipatory work necessary to maintain a high standard of service in the petroleum industry.

Just as the merchant buys straw hats in November and furs in early summer, so does the Standard Oil Company (Indiana) prepare in winter to supply you in summer with the gasoline and other petroleum products you may need.

Today, this Company is spending millions of dollars to purchase crude oil and to convert this oil into refined products so that next summer it may meet its obligations to supply the demand for gasoline and other petroleum products when pleasant weather makes motoring attractive and agricultural activities necessary.

Such an effort takes on greater significance when it is known that the production of crude has been checked sharply.

The American Petroleum Institute reports that from September 8 to December 15, 1923, the production of crude oil fell off 337,400 barrels per day.

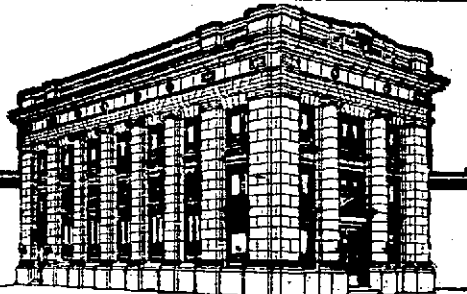

This brings production to a point where it is 56,700 barrels less per day than the estimated daily average consumption.

The Standard Oil Company (Indiana) is preparing in advance to meet any demands which may be made upon it. It has a tremendous investment in storage facilities, located strategically throughout the territory it serves. By keeping this storage full it insures you an uninterrupted supply of petroleum products at all times.

To picture the enormous task confronting the Standard Oil Company (Indiana) it is only necessary to state that estimates made by the National Petroleum News indicate that the 1924 gasoline consumption will total 8 billion 236 million gallons.

With 31% of the automotive registrations of the country concentrated in the ten Middle Western States served by this Company, this estimate means that 2 billion 553 million gallons of gasoline will be required to supply these states.

Preparing now for the summer peak load is only another phase of the broad and comprehensive service rendered by this Company, which has gained the respect, confidence and esteem of the thirty million people of the Middle West.

NEWSY GOSSIP IN THE WORLD OF SPORT

HITTIN' 'EM AND MISSIN' 'EM

"It will be four years before a team can win or lose again on February 29, so make the most of it," says Markin' 'em up of Newcastle. That's what we are hoping for, old top.

Mooreland knocked Newcastle's hopes in the tourney, and last year Mooreland knocked Shelbyville's hopes. This year at the Richmond regional Mooreland has a chance to crack Muncie.

Hagerstown had a dream all through the season that they were going to romp over Richmond in the sectional. Their dream didn't come true, as the Morton team didn't have much trouble taking them in the semifinals, 30 to 18.

Let's see, that is also the same Hagerstown team that recently beat Connersville. And to think that the Hawks have hopes of winning the state title.

Shelbyville has raised enough money to take the high school band to Richmond. If we remember rightly there is a ruling of the state high school association against bands and drum corps in the regionals and finals. At least there is a ruling against them in the finals at Indianapolis.

The point that Shelbyville doesn't want to overlook in their trip to Richmond, is the fact that the important job is to beat Muncie after beating Arcadia first.

Manilla should have gone to Richmond instead of Connersville. Rushville had arrangements under way for a special train over the Pennsylvania with Shelbyville also in the list, and Manilla could just as well have taken Rushville's place as not. Our next best bet was Gings, but old Connersville shoved them off too.

Plans for the Sixth District tourney for next year will be taken up at the Richmond regional this week. It will be great stuff to have the eight county seat high school teams taking part in a tourney about February first next year, and will be something new in the line of tourneys.

BUT NOT FOR LONG
The Vincennes Sun comments as follows:

Rushville hasn't much on Newcastle, and both of those teams are on the scrap heap of tourney leftovers. The Connersville Hawks still likin'.

Here's a Peet From Homer
Homer, Ind.
March 3, 1924

Dear Hittin' 'Em.

The dope bucket was almost upset last year when Shelbyville was defeated by Mooreland, but it was only turned over February 29 when Manilla beat a smaller town than Mooreland defeated Rushville. I wonder, Rushville, what will be your "come-back" now? Please remember Shelbyville is still on the map. You know, "He who laughs last, laughs best." Here is what I have to say for Manilla:

The sectional at Rushville which many did attend. Was nothing but excitement. From beginning to end.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

Manilla, she drew Rushville. To plat at eleven flat, Manilla, she knocked Rushville Entirely off the map! The game, oh how exciting, Manilla played hard and clean. The whistle blew—the score—Was fifteen to sixteen! You did not win the tourney, But Manilla, you did enough, You beat those boastful Lions, That sure was the stuff!

Nine rals for Manilla! Yea Shelby, keep going!

Sonoma Martin

Sonoma doesn't have much love for Rushville, that's a cinch. She wonders what our "come-back" will be, and by golly Sonoma, don't you know we haven't even thought of any, except praise for Manilla, and sorry that they didn't go on through and win the tourney. You seem to have us all wrong up here. We haven't made a single alibi for a defeat this year. If half of our team is off, we don't sing the blues about sprained ankles and star players being off, we just go in, and if the game is lost, why we just "read 'em and weep." There is one thing we can say also Sonoma, every Rushville fan was loyal to a county team—which sorta appears to be just the opposite to us real many people living some of the outlying portions of the county. There is little doubt but that fans from your vicinity that attended the tourney here, were rooting for Connersville in preference to Milroy, in the final game. As for Shelbyville going further, you will also find in Rushville that people are wishing them the best luck in the world. You oughta try showing a little sympathy for the teams that are defeated, and help cement the relationships of the various communities, rather than rubbing it in. Hittin' 'em congratulated Em Headlee on his team's success up here, and had they won the sectional here, Manilla would have had a big band of Rushville rooters at Richmond this week, and so would have Milroy.

As it is, all of these Rush county teams will have to be content, and win the sectional next year.

One thing is certain, Rushville hasn't played pig in this sectional business. Five times they have entertained the sectionals, and won once.

"Connersville loves to rub it in on us. Oh, boy, our time is comin'."

A FEW PRESS COMMENTS
Poor old Rushville. Counting on deciding the tournament held at Rushville with Connersville, and then getting knocked off by Manilla by one point in their first game. HARD LINES, RUSHVILLE.

—Richmond Item

Anyhow, we're thankful that we don't live in Rushville and Bloomington. The Wildcats will get to appear in at least one more game, and we've got a suspicion that they'll be riding the wave after all the rest are gone. If we're right, we're right, but if we're wrong, we're wrong all wrong, and we're willing to let it go at that.

—Kokomo Tribune

Poor old Rushville. Got knocked out of the sectionals by Manilla. Wonder what the Republican will say for itself now.

—Vincennes Sun

Manilla upset the dope in the Rushville tournament yesterday by dropping the Rushville 16 to 15, in the opening round of the tourney. But Rushville is a sorry-looking bunch. That's tonight, Hittin' 'Em for we were hoping you would get to take those Hawks down the line tonight. Looks like Connersville has a free ticket to the regional meet now.

—Newcastle Courier

One of the big surprises in the sectional first round games occurred in the meet at Rushville, when the Rushville team was eliminated by the Manilla entry, 16 to 15. Manilla fought like a bunch of wildcats against the crippled Rushville team. The Rushville fans were rendered speechless by the result of the game.

—Shelbyville Republican

"Commanding Officers"

Cozy Dolan, Judge Francis McQuaide and Hugh Jennings left to right look over the recruits at Giant training camp, Sarasota, Fla.

Walker Left For Leonard

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 4.—Benny Leonard, if he wants to make any real money in the ring this summer, will have to move out of his class and meet Mickey Walker for the welter-weight championship.

Leonard is positively without an opponent in the lightweight class who would more than fill Madison Square Garden, let alone one that would be a card for a big outdoor show.

Johnny Dundee spoiled the chances of Pal Moran, the New Orleans lightweight, just when it looked as if Moran could be built up into a real challenger.

Dundee insists that Leonard's afraid to fight him, but it will not be proved on Leonard, because no promoter is going to try to stage such a bout.

Rock Kansas was held to a draw recently by Jack Bernstein, a junior

lightweight. Richie Mitchell is through. Lew Tendler is through. Charley White is through, and Sailor Friedman is out of it.

Bernstein might be built up into a match for the title, but it can't be done in time for a big bout this summer and it may never be done, because Bernstein is such an uninteresting performer.

Leonard could make some money by fighting Mickey Walker but, if the smart fans are not wrong, he would make a mistake in fighting him.

Jack Britton, from whom Walker took the championship, and recently that he would bet a lot of money that Walker stops Leonard if they ever meet. Harry Greb is another one of the boxers who figures that Walker is too rugged and can punch too hard for the lightweight champion.

Leonard, of course, would have nothing but his reputation to lose in a fight with Walker, but his record is an asset in his theatrical enterprises and he is somewhat proud of it.

Queen of All!

Queen of the Montreal Winter Sports Carnival for 1924 is Miss Estelle Doray (above). She took all honors for costume, performance and personality.

FIGHTS AND FIGHTERS

New York—Paul Berlinbach, New York middleweight, scored his 23rd knockout when he stopped Jimmy Darcy, Portland, Ore., in the third round. The referee stopped the bout after Darcy had been flogged five times.

New York—Forfeits for appearance and weight were posted by Johnny Dundee, featherweight champion, and Pal Moran, New Orleans lightweight, who are to meet in a return bout in Madison Square Garden on March 14. Moran is to make 135 pounds.

New York—Mike McTigue, world's light-heavyweight champion, left for Blastone Sp to start training for his fight with Young Stribling in Newark on March 31.

Trenton, N. J.—Johnny Buff, former bantamweight champion, outpointed Emil Paluso, Salt Lake City, in a 10 round bout.

Philadelphia—Eddie "Kid" Wagner, Philadelphia lightweight, won a 10 round decision from Harry "Kid" Brown, Philadelphia.

Pittsburg—Vic Grog, lightweight, won the judge's decision from Vincent Porkoni, Cleveland, in a 10 round go here.

Detroit—Mickey Walker, welter-weight champion, won a technical knockout from Eddie Billings, Superior, Wis., in the fifth round of a scheduled 10 round bout here. It was announced the winner has accepted a challenge to meet Pinky Mitchell of Milwaukee.

East Chicago—Joey Sangor, Milwaukee, won a decision over Eddie Shea, Chicago, in a ten round bout here last night. Sangor used left jabs with a right cross to Shea's head and body to pile up his point margin.

Gary, Ind.—Annual boxing championships of the Middle States Association of the A. A. U. will be held in the Y. M. C. A. here, March 13, 14, and 15 with competition in eight classes.

TRAINING CAMP TABS

Catalina Islands, Calif.—First test of new material will be made by Manager Killifer next week when he has scheduled a game, the first of a spring exhibition series with the Vernon team.

Winter Haven, Fla.—The White Sox in training here have settled down to a routine of hard work under direction of Johnny Evers who is substituting for Manager Frank Chance. Strenuous road work to take off surplus weight is part of the program.

Sarasota, Fla.—Great surprise was occasioned in the Giants training camp here when Manager McGraw announced that the players would have to put away their clubs until the close of the coming season. McGraw said he found that baseball and golf did not mix well. Pep Young, who arrived yesterday, is expected to sign a contract today.

New Orleans—Holdouts who have been bothering the New York Yankees in large numbers have been ordered to report to Manager Miller Huggins at the training camp here to talk terms. Huggins said he had the most promising bunch of rookies here he had ever seen.

Clearwater, Fla.—Sach Wheat, Zach Taylor and Andy High are now in training here with the Brooklyn Robins. The list of missing includes Burleigh Grimes, Jack Poirier, Bert Griffith and Mike Gonzales. Wheat got three hits in five times up in his first practice game.

Augusta, Ga.—The Detroit Tigers went through a four hour drill—the hardest of the training season—under a blazing sun here yesterday. Cobb ran his outfielders and infielders ragged, making them chase batted balls all over the lot.

Mobile, Ala.—"I feel sure I'll be there," George Sisler, player-manager of the St. Louis Browns, said after a 3 hour session at practice with his team yesterday. Sisler is concentrating on batting. The Browns quit early today to witness a Mardi Gras celebration.

Brandon Town, Fla.—Roy Boyd, rookie pitcher from Port Smith, Ark., was given transportation home when Manager Rieky of the St. Louis Cardinals arrived and found some of the rookies in bad with local authorities. Rieky fined or reprimanded four others. Rieky has placed charges against the man supposed to have furnished the inspiration. "No rowdiness" is Rieky's rule.

Hot Springs, Ark.—Tris Speaker, manager of the Cleveland Indians, arrived here yesterday and watched his Tribe workout under Coach Jack McCallister.

LEADERS ARE GIVEN A SCARE

Chicago Five-Man Team Within 4 of Tying Bowling Leaders

Chicago, Ills., March 4.—Leaders in the five man event of the American Bowling Congress tourney here were given a scare when the P. L. Wethe Garfields, Chicago, hit the maples for within four pins of first place.

With a total count of 2,854 they jumped into second place. The Anderson Tobacco five continued to hold down the top berth with 2,857. This places the Goldammer Pliet company in third place and the Shorty Dugouts of Madison, Wis., in fourth.

Rebeck and Furrow, Springfield, Ill., slipped into third place with a score of 1,222 in the doubles. Tomlin and O'Gay of Anderson, Ind., capped fourth place in the doubles with a mark of 1,215.

Don't Fuss With Mustard Plasters!

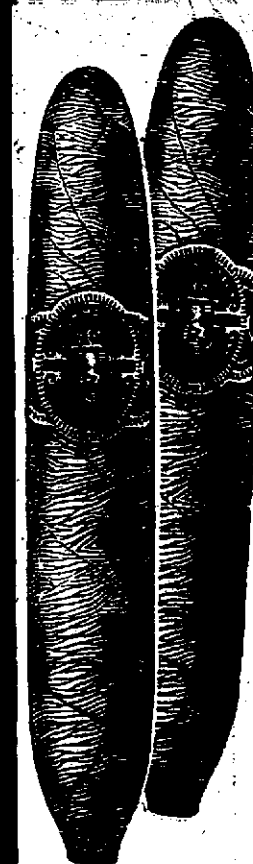

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c jars and tubes.

UNDERTAKING
122 E. Second St.

The Immaculata Sodality of the St. Mary's Catholic church will hold their last card party of a series of ten, tonight at the K. of C. hall.

Lurline Council, No. 296, degree of Pochantas, will meet Thursday evening at 7:30 o'clock in the Red Men hall in West First street. Degree work will be given at this time.

The Pythian Sisters will not hold their regular meeting tonight in the K. of P. hall, on account of the death of one of their members, Charles Hall.

The Monday Afternoon Bridge club was delightfully entertained Monday afternoon at the home of Mrs. Homer Powell, 701 North Morgan street. One table of guests was also entertained at this time. At the close of the interesting card games, the hostess served dainty refreshments.

Members of the Tri Kappa sorority attended the meeting held Monday evening at the First United Presbyterian church, at which time Dr. H. H. Halley recited the book of Acts. Immediately following the service they went to the home of Miss Lavinia Compton where they held their business meeting and social. During the social hour delicious refreshments were served by the hostess.

Mrs. Grace Pearce was hostess Monday afternoon to the members of the Monday Circle at her home in North Main street. Mrs. Jane Churchill prepared an interesting paper on Hamlin Garland's "Son of the Middle Border", and Mrs. Belle Kinsinger read a paper on "Life and Letters of Walter H. Page." At the conclusion of the program refreshments of tea and wafers were served to the guests.

There will be a business meeting of the Rush county federation of clubs Saturday afternoon at the home of Mrs. L. L. Allen, in West Fifth street, to make arrangements for the district meeting here May 1 and 2. The county federation will meet at Carthage the second week in April. All member clubs are invited to attend and each club is asked to be represented by as many as can come.

The Woman's Missionary Society of the Main Street Christian church will meet Thursday afternoon at 2:30 o'clock in the Sunday school room of the church. The bible study will be conducted by Dr. H. H. Halley. Paper on "India" by Mrs. Dan Matlock; music, Mrs. Derby Green; playette, under direction of Miss Florine Gronier, by Martha Williamson. Katherine Casady, Jennie Bradley and Jean Smith; solo, Jane Griesner. The public is welcome to attend this meeting.

Mrs. Adeline Reynolds was delightfully surprised Sunday at her

This is the SILVER POLISH YOU Should Use

It is different from the ordinary metal polish because it thoroughly cleans and polishes without scratching or marring the surface. It contains no grit, whiting, ammonia, acid or injurious chemicals, and you can safely use it on your most valued silverware.

METALGLAS

makes a brilliant, lasting luster on any metal or glass surface.

Ideal for silver, cut glass, mirrors, bathroom fixtures, auto trimmings and windows. Comes in paste form. No dust or waste. Easy to use. All we ask is a trial. If you don't find it the best polish you ever used your dealer is authorized to refund your money.

Straightline

Here is a straightline coat that gains individuality through the use of darker material applied in a pointed design about the hem and cuffs. The scarf collar is more elongated and narrow than many shown.

home in West Market street with a pitch-in dinner, honoring her birthday anniversary. Those who enjoyed the day were George Reynolds, daughter Ruth, and sons Willie and Clifford. Mr. and Mrs. John Reynolds and sons Kenneth, Whitson and Dwight and daughter Leoda, Mr. and Mrs. Charles Reynolds and daughters Bernice and Louise and Mr. and Mrs. Harry Holmes. The day was spent socially with music.

Official Period of Mourning For Woodrow Wilson is Ended

(By United Press)
Flags on American ships in every port, on government buildings, public buildings and private homes which have been flown in honor of former President Wilson may now remain at full mast again.

The official period of mourning for Mr. Wilson ended last midnight.

BETTER AFTER OPERATION

John Selton, living southwest of the city, is recovering following an emergency operation at the Dr. Frank H. Green hospital for appendicitis.

ROB A CABARET

Hammond, Ind., March 4—Three bandits early today entered the cabaret of Henry Rippe and robbed Rippe and seven customers of \$400. Before committing the robbery the bandits heartened themselves with several bottles of Rippes' near beer.

Two Hats

These two hats offer a pleasing change from the cloche which is almost always with us. One is of plaid silk with rolling brim and a big bow. The other is a turban shape of black satin with a draped crown and a wide trim at the back.

SOLDIER BONUS TO COST \$9,333,000

President of Anti-Bonus League States Much Confusion Exists Regarding Cost of Bonus

FOR SIXTH DISTRICT ONLY

Mr. Durham Points Out That Very Few Estimates Have Included Cost of Administration

Washington, Mar 4—That the proposed soldiers' bonus would cost the people of the Sixth Congressional District of Indiana in excess of \$9,333,000, if expenditures were apportioned on a per capita basis, is the statement made by Knowlton Durham, National President of the Ex-Service Men's Anti-Bonus League, in a letter sent to Congressman Richard Nash Elliott.

Mr. Durham points out that much confusion exists in the public mind regarding the cost of the soldiers' bonus because official and unofficial estimates have not included the same factors. Some members of the Congress, says Mr. Durham, base their estimates upon the amount of cash that would actually be received by ex-service men, ignoring the interest charges that must necessarily be paid. These interest charges are inevitable, since the country has no available cash resources and does have a debt of more than \$21,000,000,000. Then, too, as Mr. Durham points out, very few estimates have included the cost of administration.

The figures made public by the Treasury Department, said Mr. Durham, place \$4,500,000,000 as the minimum cost of the bonus, including principal and interest. The minimum cost of administration is estimated at \$1,000,000,000, making the total minimum cost \$5,500,000,000, which must be paid by the public in addition to other public debts—municipal, county, state and national.

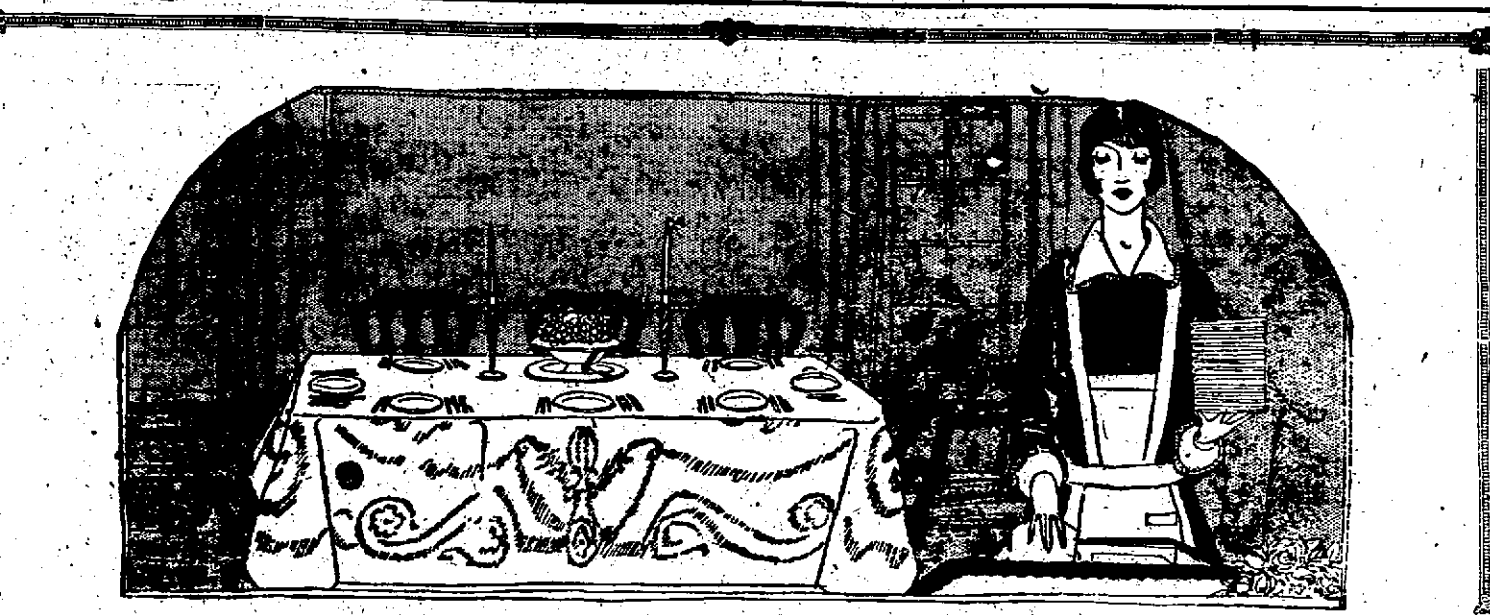

While Federal taxation is not levied upon a per capita basis, per capita figures, says Mr. Durham, are illuminating. Basing his statement upon the official estimates, Mr. Durham points out that the minimum per capita cost of the bonus principal, interest and administration—would be \$1.51 or \$1.60, for every 1,000 population. On this basis, the cost of the bonus to the various counties in the Sixth Congressional District would be:

COUNTY	COST
Fayette	\$867,000
Franklin	714,000
Hancock	867,000
Henry	1,734,000
Rush	969,000
Shelby	1,275,000
Union	366,000
Wayne	2,448,000

Total \$9,333,000
Figuring the cost of improved dirt roads at \$15,000 per mile, \$9,333,000 represents 622.2 miles of highway. Or, figuring in terms of permanent improved roads at \$40,000 per mile, \$9,333,000 represents 233.325 miles of permanent highway.

However, says Mr. Durham, in his letter to Congressman Elliott, the economic argument is not the conclusive one.

"The Ex-Service Men's Anti-Bonus League," he says, differs fundamentally with those who seek a Government dole. It is held in justification

SALE of LINENS

You probably have postponed replenishing your supply of linens for the last few years because of price. At last our linens are reduced to a pre-war basis—affording you an opportunity to fill in whatever is needed. Said the Mirror to the Calendar:

"So you think people figure ages by you? Don't make me laugh so hard—I might crack myself. Listen, boy—when Methuselah was 900 years old, the nicest thing you could say to him was that he didn't look a day over 750. No man or woman before or since was ever too busy to find time for reflection when he saw me. It isn't what the calendar says that counts—it's what I say."

Washday worries bring washday wrinkles. Our "Rough Dry" service not only does careful and reliable work at a moderate cost, but it gives you more time to be young in. Ask your mirror—it knows.

If You Have the Washing, We Have the Machine

Rushville Laundry

of the adjusted compensation plea that the Government is obligated by some sort of an implied contract to compensate the ex-service men for service rendered. This view presents the ex soldier as a man who, when the call came, did not immediately respond, but stood up in his place and bargained for a wage. This was not the disposition shown in 1917. There was not one single soldier out of the approximately four million inducted into the service who asked a contract indemnifying him against economic loss. The men of 1917 did not question the condition of service. They recognized the need and they stepped forward into the ranks, not as hirelings but as men who had consecrated their efforts and, if necessary their lives to the service of their country.

"It is this picture of splendid service that those who stand for bonus legislation would obliterate. It is proposed to bespatter with the mud of greed the most precious memory of our nation in all the days of its history.

"And it is against this disposition to reduce the service rendered by the soldier to the level of the service rendered by the man who digs a ditch for a wage that the members of the Anti-Bonus League emphatically protest.

"The League holds that a memory of splendid service constitutes the most precious possession of a nation and it is that possession that it is pledged to protect.

"This memory is one that I believe sons of chivalrous Indiana will regard as a precious heritage that cannot be purchased by a bonus.

"The purpose of the League," concludes Mr. Durham, "is to give every ex service man who does not believe in pay for patriotism an opportunity to place himself on record definitely to that effect, through an organization whose sole purpose it is to reg-

ister soldier sentiment upon what is essentially a patriotic issue."

Former Rushville Girl Has Part in Picture Here

Miss Carmelita Geraghty, daughter of Mr. and Mrs. Tom J. Geraghty of Hollywood, California, formerly of this city, has a part in "Jealous Husbands," the motion picture which opened at the Princess theatre Monday night, and will be shown again tonight. A number of people recognized her in the picture Monday night.

Mr. and Mrs. Edgar Whittinger and daughter Helen were visitors in Rushville Saturday.

Dr. C. S. Houghland addressed the Rotary club in Greensburg Monday evening.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made an astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton N. Y. for a sample bottle. When writing be sure and mention this paper.

Kellogg's Bran did more in two weeks than medicine taken in 20 years

Out of regard for your own health, read this letter:

Gentlemen:
Your "Krumbled Bran," used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in last twenty years for constipation. It is wonderful, and it is so simple.

Yours truly,
Arlington H. Carman,
Pacheco, N. Y.
Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.

Kellogg's Bran STIMULATES the

intestines. It cleans, sweeps and purifies them. It acts exactly as nature acts. And it is never necessary to increase the amount eaten. If eaten regularly, Kellogg's Bran is guaranteed to bring permanent relief to the most chronic cases of constipation, or your grocer returns your money. For Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. That is why doctors recommend Kellogg's.

The wonderful, nut-like flavor of Kellogg's Bran is exclusive. It is delicious—totally unlike ordinary bran. Eat two tablespoonfuls daily—in chronic cases, with every meal. Eat it with milk or cream and in the recipes on every package. Kellogg's Bran, cooked and krumbled, is made in Battle Creek. Sold by all grocers.

THE OLD HOME TOWN By Stanley

MOVIES

"Jealous Husbands"

The manner in which unfounded suspicions can wreck homes and destroy happiness is vividly shown in "Jealous Husbands," a First National picture directed by Maurice Tourneur and produced by M. C. Levee, which is showing at the Princess theatre today.

The husband in this case was unusually suspicious of his wife and kept a strict watch on her every action. One day he discovered a batch of unaddressed letters in her purse, and their contents were of such an incriminating nature that in rage he paid a band of Gypsies to kidnap his son, and drove his wife from their home.

In later years he learned that the letters had been sent to his own sister, who had fallen into the clutches of an unscrupulous suitor. When the man tried to make amends his son had been swallowed up in some manner, but the Gypsies pawned off the son of the gutter on him as his off-spring.

How matters were righted makes capital entertainment, and the picture has been hailed as one of the finest of the year. The role of the husband is portrayed by Earle Williams, the remainder of the cast consisting of Ben Alexander, Jane Novak, Bull Montana, George Siegmund, J. Gunnis Davis, Emily Fitzroy and Don Marion.

"Isle of Conquest," Castle

In "The Isle of Conquest," the Norma Talmadge Revival which opened at the Castle theatre last night for a two day engagement, Norma Talmadge has one of the strongest roles of her career.

The story tells of Ethel Harmon (Miss Talmadge), who is unhappily wedded to a man whom she despises. Shipwrecked, she is cast upon a desert island with a single male companion—formerly a stoker on her husband's yacht—and while there learns true love and happiness.

Their vicissitudes, both during their stay on the island and after they have been rescued, and the way that happiness ultimately comes to them makes a fast moving story, interesting and absorbing. Miss Talmadge's supporting cast includes Wyndham Standing, Natalie Talmadge, Charles Gerard, Hedda Hopper, Clarie Whitney, Gareth Hughes and Joe Smiley.

"The Isle of Conquest" was a

S.S.S. stops Rheumatism

"My Rheumatism is all gone. I feel a wonderful glory again in the free motion I used to have when my days were younger. I can thank S.S.S. for it all! Do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. S.S.S. is waiting to help you. When you increase the number of your red-blood-cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them." S.S.S. is the great blood-cleanser, blood-builder, system-strengthening, and nerve invigorator.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Howdy!

Sir Esme Howard (above) is the new British ambassador to U. S. He is shown on arrival at New York.

dapted to the screen from "By Right of Conquest," the famous novel of Arthur Hornblow. John Emerson and Anita Loos handled the adaptation. Edward Jose handled the direction.

"Just Off Broadway"

John Gilbert, in "Just Off Broadway," his latest starring vehicle, will close a two day run at the Mystic theatre tonight. This picture, conceived by Frederick and Fanny Hatton, is one of the most absorbing dramas of international crooks and the secret service, which has come to the screen this season.

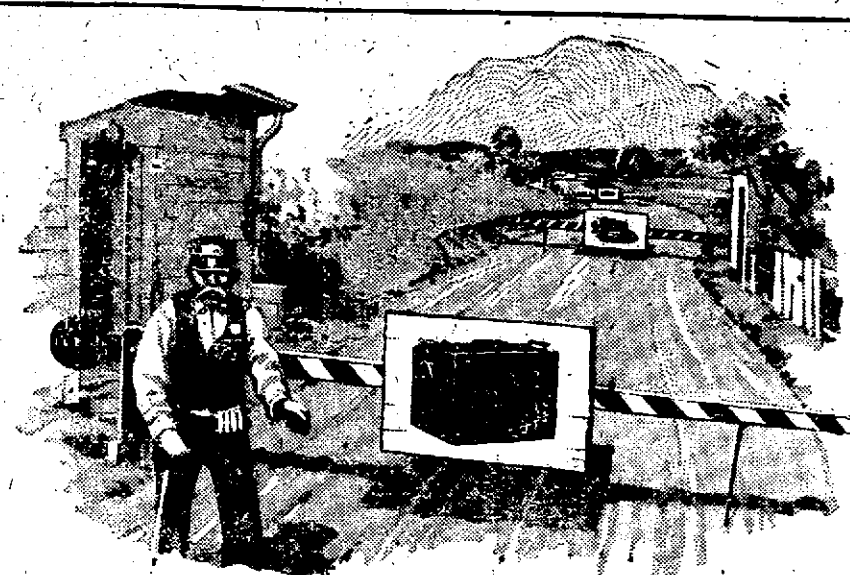

Gilbert, as Stephen Moore, a mysterious associate of the members of a band of world-wide counterfeiters, portrays a character which gives him ample opportunity to act. He is as romantic and handsome as ever and as a lover he proved as intrepid as he is fearless in the role of a secret service agent. Marian Nixon, an attractive little brunette, shows that she has dramatic ability, too. Others in the cast are Trilby Clark, Ben Hendricks, Jr., and Pierre Gendron.

Edmund Mortimer is the director. He has produced a thrilling, intense picture, set in the colorful haunts of Paris, Deauville and Broadway, which scores a well deserved success.

Keiths Bill This Week

England and France contribute the headliner and second feature of the vaudeville bill at B. F. Keith's in Indianapolis this week. Wilkie Bard the famous English comedian, tops the bill with George Dufranne, the distinguished tenor, second in importance.

Willie Bard is known as England's funniest character comedian. He offers a group of comedy characterization which include "The Night Watchman," "The Scrubwoman," and "Chrysanthemums." Georges Dufranne, who is making his vaudeville debut, offers an unusually wide repertory of operatic selections including bits from "Mignon," "Faust" and "Carmen." Mr. Dufranne is assisted at the piano by Carl Stelzel. Ted Lorraine and Jack Minto with Mlle. Andre, premier dancer give a miniature revue which is an adaptation from "Moth and Flames" and made up terpsichorean efforts and songs offered in an elaborate stage setting. Maude Powers and Vernon Wallace have a pretty song and dance skit dealing with the old south called "Georgia On Broadway," Arthur Mo Watters and Grace Tyson entitled "There is Nothing New Beneath The Sun." Bob Snell and Ernestine Vernon have

Where Hard Starting Gas Takes Its First Toll

ALL along its crooked road, poor motor fuel mulets the luckless car owner of toll after toll of costly damage—and about the first place it shows is the battery!

Lighting through the longer evenings, with reduced daylight replenishment, naturally pulls down the electrical reserve. When a few tough struggles with a balky motor are piled on top of this, the faithful old battery comes in for a strain from which it never quite recovers. Repeated strains and forced charging deteriorates it rapidly. Constant helpouts with the crank only delay premature replacement.

And all this trouble and cost results simply from the use of soggy, kerosenish motor fuel—slow, stubborn, sometimes almost impossible to start—and equally unsatisfactory in its running.

Silver Flash Gasoline

—asks no toll of battery or motor. It starts readily because it is a true explosive, quick to be set off at the first spark without artificial aid. Every cubic inch of its bulk is a full power unit, unpadded and returning value received in delivered horsepower. It has no gaps or dead spots to retard its complete smoothness of explosive stroke, and no kerosene or free carbon ambushing down the road with another costly toll.

Tune Your Car Up for Spring

Conditions such as we have just passed through are adverse for the motor and its proper performance. If you have used it much it is sure to need cleaning and overhauling.

Let us put your car into shape at once so that you will not be without the use of it as soon as the roads are in good condition for motoring.
